Bramalea Housing Proposal Returned To Council Meet

At Monday's committee of the whole meeting, five councillors and Mayor Ray Gibbon discussed a wide variety of proposals and subjects. Councillor John De Bruijn was absent from this meeting. First item dealt with was an appointment to study a housing development proposal which was finally referred to next Monday's regular meeting of council.

Four spokesmen for Bramalea Wescorp Develop-

ments Ltd. discussed a site plan involving phases 2 and 3 of a development proposal to be located adjacent to the now completed phase 1 in Grandin Village.

First to speak on the development was Mr. C. F. Trudel who explained to council committee-of-the-whole that phases 2 and 3 would accommodate about 180 semi-detached housing units. Mr. Trudel called the

proposed units "house clusters" made up of four units. On the site plan unveiled Monday night, 45 of these clusters were seemingly dropped helter-skelter throughout the entire area. The developers explained that crescents, drives and arterial roads had been eliminated for two main reasons. The first is to ensure privacy for the residents

CONTINUED ON PAGE 2.

Cpl. Torpey and cadet Cady of the St. Albert Air Cadet Squadron had a unique opportunity to meet with Col. Jose Maranon of the Bolivian Air Force at their regular parade night Thursday, as they demonstrate a teletype machine during communications class. Their distinguished visitor reports directly to the Chief of Staff, and is in charge of aircraft maintenance, engineering and flying operations. It was a unique meeting for the Colonel as well, since Bolivia has no counterpart of The Royal Canadian Air Cadets.

PTA Requests No. 6 S.D. For Wine/Cheese Sanction

The Nickerson Parent-Teacher Association, through its spokesman P. Garrick, requested permission of the No. 6 Board to hold a wine and cheese party in the Leo Nickerson School gymnasium. Mr. Garrick explained that the function would be held to raise funds for Outdoor Education programs.

Trustee Jim Wiltshire gave notice that he will make a motion at the May 23 regular meeting that the Board authorize the Leo Nickerson Parent Teacher Association to hold a wine and cheese party in the Leo Nickerson School gymnasium at some future date.

The notice of motion will be included on the May 23 agenda for discussion.

Five proposed Outdoor Education Program projects were approved by the Board at last Wednesday's meeting. The first is for an overnight canoe trip to Big Lake back-packing overnight hike also to Big Lake and a five day camp at Ernest Poole Scout Camp. This submission was made by Mr. F. J. Resler and is divided into three separate projects and

expected to cost a total of \$188. to the Board. This proposal deals with the Paul Kane physical education 30 program.

The second Outdoor Edu-

No. 6 Board Approves 23.95 School Millrate

In view of projected costs for new school sites and other expenditures during the coming fiscal year, St. Albert's No. 6 school district unanimously approved the maximum allowable supplementary requisition mill rate of 23.95. This decision was reached at the board's regular meeting last Wednesday evening, with all members of the board present.

Last year, the supplementary requisition mill rate was 22.92 and represented a sum of \$291,272.63. The school board considered leaving last year's mill rate as is and when computed in relation to the present assessment, the year's operations would have left the separate school system in a deficit position of \$356. It

was in light of this situation which encouraged the school board to look at the next alternative, being the maximum allowable figure.

This maximum allowable figure is arrived at by taking the average school mill rate over the past three years and multiplied by the pre-set Provincial Government allowable increase of 7.5%. By using this formula, the No. 6 supplementary requisition will be \$391,302, and will leave an operating surplus of \$16,473.

In approving the supplementary requisition mill rate the No. 6 board agreed that sufficient flexibility existed in the surplus to cover miscellaneous expenditures which have a habit of coming up during any normal school year.

How Generous are you?

The St. Albert Kinette Club is sponsoring a Red Cross Blood Donor Clinic Tuesday evening, May 22 at St. Albert Community Hall between the hours of 5 and 9 p.m. The members will be happy to provide transportation and anyone wishing it may telephone 459-5269 before 4 p.m. May 22 or 459-7003 after 4 o'clock. This is an annual project of the club and the Kinettes are hoping the public will respond generously for blood for this vital service.

By Kinette Jean Porter

Should you go to the St. Albert Community Hall next Tuesday evening between 5 and 9 p.m.? If you do, your purpose will be to donate a pint of blood. You will stay only 30 minutes, in which time you will be tested, registered, rested and given some refreshment. It takes only four to five minutes to actually give your blood.

The majority of people between 18 and 65 years can give blood. Seventeen year olds can donate if they have the written consent of their parents. There are some medical reasons for not accepting a blood donor.

*Infectious Jaundice - at any time in your life.

*Allergy - active Hay fever or Asthma at present time.

*Pregnancy - within six months of delivery.

*Diabetes - Cancer - TB Heart or Kidney Disease.

*Epilepsy - Hypertension Rheumatic Fever - Lifetime.

*Surgery - during the past year.

*Malaria - within the past year.

*Active stomach ulcers. Male donors can donate every three months. Female donors can donate every four months.

Ethel Cuts honored by A.S.A.A. award

Ethel Cuts, a well known resident of St. Albert, is this year's recipient of the Robert H. Rutledge Award of Merit, presented by the Alberta School Athletic Association to an individual who has, over a period of years, given distinguished service in association with the ASAA.

The presentation was made at the semi annual

Now that you do not have a medical reason, why should you donate your blood? Blood cannot be manufactured. It must come from people. Whenever you or a member of your family are in hospital and need blood or blood products, you will receive these free of charge, in Canada.

If you happen to need transfusions, while travelling out of the country, have your doctor notify your local Red Cross in Canada and

St. Albert Kinsmen George Wilkie (centre) is shown signing the contract with star performer Gene deLous (left) leader of the famous Royal Canadians. At right is the agent for the Royal Canadians who will be providing evening entertainment at the arena June 14, 15 and 16, during this year's Kinsmen Rodeo 112.

ALCB Break-in suspects to stand trial June 22

Three residents of St. Albert, charged with the break-in and theft at the local Alberta Liquor Control Board outlet recently were scheduled to appear last week for plea. Only two of the suspects responded to the summons and pleaded not guilty. The third suspect failed to appear and a warrant has now been issued for his arrest. The trial date has been set for June 22.

The break-in and theft occurred at about 5 p.m. Easter Sunday when a large plate glass window in front of the St. Albert ALCB store was smashed and a quantity

of beer was found to be missing.

Const. Rick Maynard, a recent addition to the St. Albert RCMP detachment was first put on the case. Through diligent police work, Const. Maynard apprehended all three suspects and preferred charges.

In the meantime, ALCB personnel immediately had the window replaced and instituted an emergency stock inventory. By opening time Monday at 1 p.m., the day following the break-in, the window had been replaced and the inventory completed thereby business resumed as usual.

Mrs. Ethel Cuts received the Robert H. Rutledge Award of Merit presented by the Alberta School Athletic Association May 12.

Bramalea Housing

Continued from page 1.
and secondly to discourage a large volume of traffic moving through the residential area.

The developers argued that cul-de-sacs rather than crescents discourages high speed traffic, yet do not impair the movement of local traffic or traffic generated by service vehicles. Council questioned the wisdom of 20 ft. and 25 ft. streets within the proposed development because it was felt that such narrow streets would not permit garbage trucks, moving vans or a fire vehicle to move about with too much ease. The developers contend that narrow streets, on which parking is prohibited, leaves as much vehicular movement as wider streets with parked vehicles on both sides.

After one hour and 45 minutes of discussion, which included comments by Wayne Gordon, town planner and Jan Maandag, town engineer, Deputy-Mayor Bob Hudson

called for a recommendation. Councillor Frank Lukay made a motion that the cul-de-sac principle against the crescent proposal be accepted and that curbs be included on streets of sufficient width to allow the movement of trucks to manoeuvre in safety. That motion was defeated by a tie vote of 3-3 with councillors Hudson, Fyfe and Thronson casting the negative votes.

Another motion which failed to pass was made by Councillor Fyfe who recommended that the cul-de-sac concept be replaced by a network of looping crescents which would provide one-way traffic only. The vote on that motion came out 5-1.

A third motion was made by Councillor Bakker who recommended that the proposal be referred to the next meeting of council. The vote on this motion was 3-5-1.

Continued from page 1.
Public School Board at the meeting room in the Grenada Hotel in Red Deer. Mrs. Cuts became a member about three years after the ASAA was formed.

Mrs. Cuts has been a teacher for 28 years, 21 of which were with the Edmonton Public School District, where she served as a physical education instructor, and for the past several years as assistant supervisor of physical education. The citation accompanying the award pays tribute to her work as coach and as an active member of Edmonton High Schools Athletic Committee, giving much of her time to the administration of leagues and involvement in policy making.

She served as provincial vice-president of the Alberta Schools' Athletic Association and the citation states "in all of her roles as instructor, administrator, counsellor, be it at the community, regional or provincial scene, she has constantly filled all obligations with the best of her knowledge, her wisdom, her vision, her understanding, her vitality, her patience and with a fountain of empathy."

It is however, in a further paragraph of the citation that Ethel's St. Albert friends will find the most meaningful tribute. In which they would like to join - "The Award of Merit also recognizes in this woman the generosity of her total self to her family, her friends, her church, her community and the profession of which she is tremendously proud. This generosity of spirit is further characterized by the

Ethel Cuts

complete sincerity in all of her relationships as she works quietly but enthusiastically at any responsibility she accepts, seeking always to serve - glory has never been even a dimly lit goal."

Ethel taught seven years before she married Dr. Wm. D. Cuts in 1938 and during the war years she went back to it in Holden for two years when her oldest son was a youngster. When son Don came along she left teaching, not to return until the last of her children, Elaine, was in grade one. Then she decided to go back with the Edmonton system for a few years, and ended up staying until retirement time.

The Cuts live on Green Grove drive and all three children are presently teaching. Harold, who has a Master degree in Science is at High Prairie, Don who majored in physical education is at Mecca Glen Junior high - west of Ponoka, and Elaine, who also majored in physical education, is in her first year teaching at Neerlandia, near Barrhead.

Mrs. Cuts' friends, and they are legion, join in congratulating her upon this well-deserved honour. It comes on the eve of her retirement from her duties with the Edmonton Public School System, and we suspect that when this becomes effective at the end of August, Edmonton's loss will prove St. Albert's gain.

PTA Requests

Continued from page 1.

tive grant of \$200 for a trip to Pioneer Lodge at Sundry, Alberta during the first part of June.

Third proposal was submitted by H. Phillips and S. Margetts of the Grade 4 Sir Alexander Mackenzie for a camping trip from June 6 to June 8 at Camp Keweenaw on Lake Wabamun. The project involves about 60 students, 10 personnel and the request from the board was for a grant of \$300.

The fourth project approved by the Board was the one submitted by Bernie Poulin of Sir Alexander Mackenzie involving students of grade 9 for a trip to Jasper National Park June 15 to 18. This project, according to Mr. Poulin's submission, would involve 25 students and six adults and his request for financial assistance from the board was for \$275.

The fifth request approved was submitted by L. Kenakin of the Lorne Akin Junior High for a field trip to Hinton, Alberta. This educational holiday trip would involve 37 students from grades 7 and 8 plus six supervisors. For this proposed trip the board approved \$37 in payment toward transportation costs.

arrangements will be made to replace the amount of blood necessary at no charge to you. Before this free Red Cross service each patient paid approximately \$25 for each transfusion or frantically appealed to friends to replace two bottles for every one received. Many countries, including the U.S.A. still do not have this free transfusion service.

Your blood may be used as whole blood, in transfusions, allowing surgeons to perform miraculous operations over 1000 pints may be needed for one patient, who has been involved in an accident resulting in internal bleeding and shock.

Concentrated red cells are used in treating anaemia jaundice and other conditions characterized by a lack of iron and protein. Platelets play an essential role in controlling bleeding in patients suffering from Leukemia and other malignancies.

The plasma has several

uses as it has many components. Fresh frozen plasma is used for specific bleeding problems.

Serum Albumin, another component of plasma is used to treat patients suffering from extensive burns. Gamma Globulin is used to combat many infectious diseases.

Rh Immune Globulin is given to Rh-negative mothers.

These are some of the uses of blood. Can you honestly say - I'll never receive a transfusion or need blood products? A person would be obliged to accept such a gift. The Kinetics would be happy to provide transportation. Please phone 459-5269 or after 4 p.m. on May 22, 459-7003.

RECREATION BOARD

At a meeting of Council held May 7, 1973, a resolution was passed authorizing the appointment of a Recreational Advisory Committee. This committee will consist of one representative of each school board, one councillor, and four members of the public at large.

Council invites any person who may wish to serve on this committee to apply to the undersigned in writing, by no later than noon on Thursday, May 31, 1973.

R. B. Bowen,
Secretary-Treasurer.

Registration

OF BEGINNERS

In order that plans may be made for the fall term it is necessary to know the number of children who will be starting school in September.

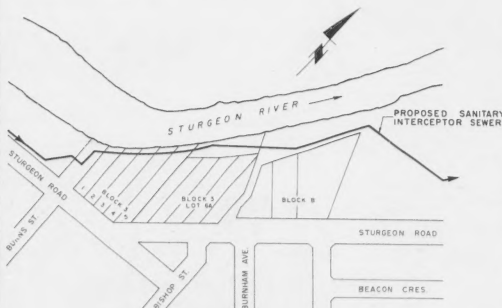

Children who have reached the age of six years by the end of FEBRUARY, 1974 will be accepted for the school term 1973-74.

Registration forms are available at the district office, parish church and each school.

Chris McDonnell,
Secretary-Treasurer,
St. Albert School District #3,
6 St. Vital Avenue,
St. Albert, Alberta.

Library featuring bilingual storyhour

The St. Albert Public Library and the St. Albert Cultural Coordinating Committee are sponsoring a six-week series of Bilingual Storyhours at the Library starting this Thursday, May 17 from 2 to 3 p.m. This new and different series of the popular storyhour is designed to appeal to those children with two languages, French and English. The series is an experiment in this area to see if the response merits holding a similar series over the winter months. In charge of the six-week series are Mrs. Marg Broten, Mrs. Florence Lefebvre and Mrs. Jackie Morrisette, all of St. Albert.

The organizers of the trial effort plan an entertaining and educational hour of stories, songs and games in both languages. This program is NOT a resumption of the regular storyhour which will not commence until the summer holidays. Pre-schoolers conversant in French as well as English are welcome to this current series. There is no cost and no registration for the Bilingual Storyhour which will be held every Thursday at 2 p.m. for the next six weeks at the St. Albert Public Library.

gual Storyhour which will be held every Thursday at 2 p.m. for the next six weeks at the St. Albert Public Library.

Saints 1st game goes Thursday

JOHN GRAVE

John Grave heads Sailfish Swim Club

The Sailfish Swim Club has begun its new season with a meeting of the parents' group last week. Swimmers will begin their season next week.

Beginning May 22 all boys and girls in St. Albert who are interested are invited to come to the pool each evening between 6 and 7 p.m. to have a swim with

the team, meet coach Don Croft and learn about competitive swimming. The following week there will be try-outs and those selected for the team will begin serious training.

Plans for the whole summer are not yet completed, but the present schedule calls for a fun relay meet one evening during Rodeo Week, the Sailfish Invitational meet on July 7, followed by trips to Lloydminster on July 22 and Edison on July 28.

The new executive elected at the meeting is: President, John Grave; vice president, Jake Sander; treasurer, June Wilhelm; secretary, Noreen Medland; records secretary, Terry Ainsley; officials chairman Jim Wilshire.

St. Albert Willowbrook Saints baseball team will get their first action of the season Thursday night (8:30) when they meet Block Brothers in an exhibition game here. Saints are members of the Sunburst League while Block Brothers are in the Alberta Major League.

Both teams played in St. Albert last year when the Saints lost 5-4.

Coach Larry Murray will probably play all his squad to see what he has for the North Edmonton tournament this weekend.

The Saints will again be sponsored by Rudy Scheibelhofer, well known St. Albert sportsman and president of Willowbrook Homes. Rudy will also manage the team and Rene "Max" Pouliot will look after the equipment duties.

LARRY MURRAY

St. Albert's first league game will be next Wednesday against Weiller William Colts

Tennis club in full swing

St. Albert Tennis Club members have been active over the past few days and the opening adult novelty tournament took place on the Mission courts on Sunday afternoon.

After five rounds of play, with a new partner for each round, Cynthia Sage emerged with the high point total for ladies and Wayne Boyd was high for men.

Ladies morning program will get underway next Tuesday from 9:30-11:30 a.m. and all ladies are encouraged to turn out for some

friendly games during this time each Tuesday.

Inter-club competition with Edmonton and district clubs is now underway and on Monday evening the St. Albert 'B' teams competed against Hillcrest. The 'B' team of Sue Taylor, Angela Miller, Jay Taylor and Al Hope hosted the Hillcrest 'B' and lost five sets to three. The 'B2' team of Sandy Warren, Ann Kirk, Bob Sage and Lorne Wood travelled to Hillcrest and won out over Hillcrest 'B2' five sets to three.

Other clubs activities that will be taking place in the near future are the high school competition between Paul Kane and St. Albert High on May 27, the opening junior tournament on Saturday, June 2 and the St. Albert Invitational 'B' tournament on June 9 and 10.

The "Scouts" soccer team of the new mini-mites division. Back row, left to right: Michael Hudson, Jimmie Wensley, Jamie Kadar, Kenny Scharf, Steven Gault, Lonnie Averill (coach). Front row, left to right: Simon Ford, Jimmy McLean, Ricky Key, Dean B'sch, Gary Phillips, Craig Smith, John Vettergreen.

Photo by Frank Smith.

Sturgeon Fastball Action

Play in the 11-team Sturgeon Fastball League got underway Monday night with eight teams in action.

Artie Stevenson pitched a one hit 11-0 shutout for Calahoo Chiefs in their win over Stony Plain Kings. Emile Barube and Larry Mitchell had home-runs for the Chiefs.

Michael's Catering had no trouble with Villeneuve with a 16-3 win. Paul Holowychuk was the winning pitcher and was helped by Brian Zamisky's two home-runs. Spruce Grove Panthers

scored a close 8-7 win over Stony Plain Playboys while Spruce Grove Eagles upset Fairhavan Falcons 14-5.

Girls Softball well underway

The Hercules Softball program for girls is well underway, with eight teams in the Squirts League (ages 8 - 11) and four Bantam teams (12 - 16). Umpire help from the dads would be a big help and those who can come out are asked to contact their daughter's coach.

In the Bantam League, coaches are Rick Schuchard, Norm Murray, Al Fenton and Isabelle Lloyd for the Dairy Queens, Kellogg Kolts, St. Albert Fire Department and Arctic

Morinville wins opener

Defending champion Morinville Manufacturers behind lefthander Bud Pyluk took a 3-3 win over Rochester in opening action in the North Central Baseball League.

The only other score available had Alexander Braves upsetting Namao 12-4.

Tonight's games have Bon Accord in Morinville, Rochester at Alexander, Legal at Vinay and Namao hosting Redwater.

Transit Mix teams, respectively.

Squirt League has - Frank Vettergreen for Dodgers, 459-8914; Leon Root for Fireballs, 459-4357; Mike Romanov for Giants, 459-7312; Joan Kelly for Sluggers, 459-8115; G. A. Wheat-

ley for Ramblers, 459-8268; Kathy Lutzalk for Mustangs 459-4502; Tracey Anderson, 459-6124 and Rhonda Rempel, 459-3868 coaches of Trifids; and Joan Wear, 459-3739 and Madeline Warren, 459-6160, coaches of Blue Angels.

Three Robert Rundle students completed the Canadian Fitness Test at Robert Rundle Elementary, with top marks. The fitness test is a Canadian wide test of six individual skills - the flexed armhang, speed sit-ups, long jump, shuttle run, 50 yd. run and 300 yd. run. A student who meets the requirements (four items of six at a level) receives either a bronze, silver or gold medal. If a student meets the gold standards in all six tests then the student receives an Award of Excellence. Because the standards are high only three out of about 420 students managed to achieve this award. They are Tara McKendry, Susan Otto and Tommy Munro.

St. Albert Inn sponsors team

Mr. Sam Shapiro of the new St. Albert Motor Inn announced Monday that the hotel will sponsor a team in the 11-team Sturgeon Football League.

The team will be known as St. Albert Inn and will

be coached by Ken Payne with Mike Hampel assisting. Both have been around the league for a few years and will have players from the now defunct Grandin Esso and Atlas Aluminum teams.

Many Parents Cheer Local Soccer Players

The local soccer program jumped off to an enthusiastic start last week and we are pleased to see the many parents who have turned out, to watch the boys play.

Next week we hope to publish local league scores and league standings on a weekly basis.

The Premier midget team (15 - 16 year olds) are looking for a goalkeeper to play with the team. Any boy who is under 17 years of age on 31 December, 1973 and would like to have a trial should contact Ken Armstrong at 459-8081.

Coaches should note that there are no games scheduled for Monday, May 21.

In order to have the trophies available to have last years winners engraved would any coach who has a trophy in his possession please return it to any league manager as soon as possible?

A team of 8 - 10 year olds has been formed in Legal and we have been asked if we can arrange exhibition matches, preferably on a Sunday afternoon, starting in about two weeks with our local Atom teams. Hercules has also been invited to organize a series of exhibition games as part

of the activities associated with the Kinsmen's Rofec festivities. It is understood that the proposed dates are June 16 - 17.

Clean-Up Guide Campsite First

On May 26 and 27 the First St. Albert Nipigon Rangers and the Wyoming Trek Guides will be engaged in a Paint-a-thon at Poole Scout Camp at Lake Wabamun. The cabin that must be painted is used by: Rangers, Cadets, Guides and Brownies as well as Rovers

BILL VENESS

Bill Veness, a former mayor of St. Albert, has always been interested in all aspects of town development particularly in St. Albert, and now finds himself in a position to get involved by working with Bormont Development and Realty.

"But of course I couldn't give up the Imperial Oil bulk station business," said Bill, who has been an Imperial Oil Agent in St. Albert for 26 years, and will continue to oversee the operation.

He feels his competent staff, comprised of Angus MacDonald, office manager, Donald MacDonald, sales manager and Henry Bourgeois, Real Durocher and Neil Flynn, driving and delivery personnel, are capable of looking after all aspects of the agency and service business.

NURSERY SCHOOL

Ridgewood Terrace Nursery School has some vacancies for three and four year olds for October, 1973.

Registration will be taken May 16 between 7:30 and 9 p.m. at Ridgewood Club Room. For information phone 459-3581 or 459-8008.

Venturers, Scouts and Cubs for various camping activities throughout the year.

The paint-a-thon will yield constructive results in two directions -- the cabin is greatly in need of a new coat of paint and the Rangers doing the work will boost their funds for their trip to International Guide Camp in Wyoming this summer.

Sponsorship for each girl will be for a maximum of 10 hours even if more time is required to finish the project.

Chilliwack Band Slates Two-Day Performance

The A. D. Rundle Junior High School Band and chorus of Chilliwack, B.C. will be visiting St. Albert this month.

Sponsored by the St. Albert Lions Community Band, the 101-member group from Chilliwack, B.C. will perform three concerts in their two day visit.

Thursday evening, May 24, the B.C. troupe will perform at Lions Park, while on Friday, concerts will be given at Father Jan and Lorne Atkins Schools.

The Thursday evening performance will be the first of many concerts to be held at Lions Park this spring and summer. Lions band officials are attempting to set up a series of Sunday programs during the coming months.

The Lions Band requests the assistance of St. Albert residents who might be able to billet one or more members of the Chilliwack group for the evenings of Thursday and Friday.

For further information please telephone 459-3841 or 459-7384. Your support

To date the girls have raised a total of \$1,100 through a variety of projects, roughly half of their requirements for the camp and other activities planned on the trip, such as a raft trip down Snake River.

The Rangers are also planning a rummage sale on June 1st (6 - 9) and June 2 (9 - 1) at the Grandin Clubhouse. To finish off their fund raising projects they will hold a car wash at Grandin Shoppers Park on Saturday, June 2 from 9 - 4 p.m.

is needed as there are still many billets needed.

Mothers Day out ending for year

The Mothers' Day Out program, operated under the auspices of the St. Albert Help Society, is drawing to a close for another year.

May 31 will be the last day of operation so mothers wishing to take advantage of the program should do so before this date. (Phone 459-8952).

The program has had a successful year and it is felt that many others benefitted from the opportunity for an occasional break.

It would, of course, be impossible to operate the program without the cooper-

Maureen Wurtz and Debbie Simpson try out some brushing techniques in preparation for joining in the Ranger-Guide Paint-a-thon at Wabamun Camp the last weekend in May. Maureen apparently has some reservations about Debbie's style of gripping a brush.

Cameron -t Stadnyk win 2-ball event

Twenty golfers from the Sturgeon Valley Ladies Golf Club held a two-ball foursome Saturday, when Gwen Cameron and Kay Stadnyk teamed up for a low gross of 58. Runners up were Betty Olesky and Dorothy East with a gross score of 59. Two teams tied for low

putts: Elsie Snider with Val Anderson and Gwen and Kay, who also took the low hole-in-hole prize for a golfers hat trick.

The golfers were treated to a delicious supper arranged by Olga Komarinski and Louise Griffith. Sports captain Bernice Cook gained

the co-operation of pro Mike Tomash and the club's board of directors for tee-off time on a busy weekend, which was much appreciated.

Local women interested in golfing are invited to call Bernice Cook, 459-7392, or Stevie Donovan, 459-8297. Regular tee-off time is Tuesday morning from 9 - 9:30.

Family Campers Enjoy Rally

St. Albert 69ers had a most enjoyable weekend at Klondike Valley Trailer Park, half a mile southwest of Ellerslie, the occasion being a spring Kick-off rally of the northern chapter of the Alberta Travel Trailer Association. Five hundred people representing 10 clubs attended the rally, in about

150 trailers, including five families from the St. Albert club.

Sporting competitions were staged for young and old and there was a cheese party for the adults, a cake walk for teens, a welder roast for kids and a pie eating contest for everybody.

Sunday morning Klondike

Park hosted a mammoth pancake breakfast, followed immediately by an inter-denominational church service.

Herb Brige of St. Albert, vice-president of the ATTA commented that this type of rally is getting more popular each year, and the 69ers would recommend this site highly to campers or family picnickers. It has a concession area and store. This weekend the 69ers are off again - to Vermilion Provincial Park. Plans included a pot luck supper, cheese party, sporting events and welder roast. For information phone Del Brige at 459-8290.

Black Loam

Layering is the process of shearing, screening and mixing black loam, peat moss and sand to your or our specifications. This makes it ready for lawn-dressing, flower beds, planters, rockeries, golf course greens, bowling greens, parks, athletic fields, or playgrounds. Excellent for laying sod on.

USE YOUR CHARGE!

Scouts Clean Up Guide Campsite

Saturday, May 5 saw the 3rd St. Albert Scouts and Cree Cubs at the guide camp located just east of St. Albert where they completed a mammoth cleanup campaign.

After winter camp-outs by both guides and scouts the area was expected to be littered with a few old tins, paper, lost scarves, mittens and such. These articles were picked up, as well as broken beer bottles, pop bottles, an old car radio and other paraphernalia obviously discarded by adults. Therefore visitors to the camp are requested not to throw their refuse out at this facility please.

The camp is now clean and ready for summer camping. The scouting tradition has come through again and leaves future cuts and scouts with this thought "This camp was clean when you came-did you leave it that way?"

Mr. and Mrs. Denis Sabourin

Mount Carmel scene of spring wedding

By Lucienne Montpetit
Our Lady of Mount Carmel R.C. Church in Waugh was the setting for a lovely afternoon spring wedding on April 28 when Diana Gerla exchanged marriage vows with Denis Sabourin. Father Bois was officiating for the daughter of Mr. and Mrs. Mike Gerla from Legal and the son of Mr. and Mrs. Andre Sabourin from Morinville.

The wedding music was played by Carol Zilinski. The bride given away in marriage by her father was radiant in her gown of white peau de sole featuring an A-line skirt, long cuffed chiffon sleeves. Her cathedral train edged with frilled lace fell gently from the shoulders. A cluster of orange flowers held her chapel veil. She carried a bouquet of orange gladioli.

Bridal attendants, Kathy Gerla (sister of the bride) and Gisele Sabourin (sister of the groom) wore identical full length gowns in orange floral print. Tiny orange flowers adorned their hair-do, the girls carried cas-

cadés of orange and white carnations.

The groom was attended by Peter Pedgarachny and Bernard Sabourin.

Ushering the guests were Allan Gerla and Phillippe Schayes.

To receive her guests Mrs. Gerla wore a floor length deep rose polyester crepe gown complimented by a mauve orchid. Mrs. Sabourin in chose a floor length tangerine fortrel gown with a yellow orchid in corsage.

A banquet for 300 guests was held in the Legal Community Hall with Georges Sabourin as master of ceremonies.

Out of town guests came from Calgary, Trochu, Edmonton, Swift Current, Sask. and the surrounding districts.

The happy couple will make their home in Morinville.

An adult will help tell it like it is

Tuesday, May 22, local people will have an opportunity to hear what learning disabilities is all about, from the adult sufferers' point of view.

A district resident who has a severe perceptual problem is a child has consented to be on a panel of four (4) experts. The panelists will be a mother, a guidance supervisor and a remedial specialist who now is concentrating on adult work in addition to the real expert - The Learning Disabled adult.

The not-quite-convinced, the disbelievers - and the concerned parents can all gain a great deal of insight into the problem of learning disabilities by coming to the music room, at Leo Nickerson School at 7:30 p.m., May 22.

Note that because May 24 holiday is coming on May 21 this year, the regular monthly SSACLD meeting will be held on the third Tuesday instead of the third Monday.

All interested persons are welcome. Coffee will be served.

Sturgeon Board studies proposed special services

The Sturgeon School Division Board gave consideration at its May meeting to a proposal to provide special education services to elementary students at the Bon Accord, Nampa, Gibbons, Horse Hill, Camilla and Sturgeon Heights School.

The proposal would provide special assistance to students who are educationally handicapped and to students who have specific learning disabilities. A comprehensive screening process is now underway under the direction of S. J. Steben, director of pupil personnel for the division in cooperation with principals and teachers. Preliminary results of the survey reveal about 120 elementary students (about 10 per cent) requiring special education services. By school opening in the fall, a diagnostic case study will be developed for each child identified as needing special assistance.

Services would be provided at the classroom level by cooperative class teachers for the educable mentally handicapped and resource teachers for the learning disabled students in each school. Under the proposal teachers would be supported with individualized learning materials and paraprofessional staff as required.

Costs of the program for 1974 are estimated at about \$75,000 and would be financed through integration of funds available through Spe-

cial Education Grants, and the recently announced learning disabilities and educational opportunities funds.

The board has given approval in principle to the proposal and action is now underway to secure approval for funding from the Department of Education. Provided that provincial approval is received in sufficient time services under the program could begin in the fall of 1973.

Family Fishing Clinic

The St. Albert Fish and Game Association will be launching a fishing clinic for beginners at Lions Park May 24 and 31 at 6:30 p.m.

To participate in this special clinic you don't even have to own a fishing rod . . . but if you do, bring it along.

If you happen to have lures and a dummy casting plug, bring them along too.

There's something else you can bring along, the Fish and Game people are sure you have one of each of those . . . and that's your father and mother. They too may learn something about the fine art of fishing.

The topics to be covered will include: equipment, lines, lures, knots, safety, casting and where to fish to catch the big ones.

Snowmobile Dealers Required Immediately

The Edmonton based distributor of a popular leading snowmobile is seeking additional dealers in key Alberta locations. To this end a dealer meeting will be held in Edmonton on Sunday May 27, 1973. For details on a profitable dealer arrangement, product information, and invitation to the dealer meeting, please write BOX M263, ST. ALBERT, ALBERTA.

As an honour to Col. Jose Maranon of the Bolivian Air Force, he was invited to inspect the St. Albert Air Cadet Squadron when he came here to learn about the air cadet program during a visit to Edmonton last week. He was in Alberta representing his country on a purchasing and maintenance of new aircraft mission, Captain Les Gault accompanies the Colonel, who was pleased and enthusiastic about the Air Cadet program. He spent about two hours reviewing the training program and facilities and the Squadron showed marching band and drill demonstrations as well.

Music students excel in festival

Young musicians of St. Albert made a highly commendable showing in the Kiwanis Music Festival completed last week in Edmonton, reflecting ability, hard work and excellent teaching.

Their fine performance also bodes well for the future of the musical life of the town, both through teaching calibre and the growth and diversity of musical activity.

The achievement of three students in the Dykstra family in earning eight firsts and three seconds is particularly outstanding, and their mother gives great credit to their teacher, Lillian Upright. Mrs. Dykstra informed the Gazette that piano adjudicator, Dr. Magy who heads the music department of Boston University commended Mrs. Upright on a "very high level of teaching."

The young musicians were competing in large classes, particularly in piano where many had more than 40 entries, and awards were given only to those placing first and second in each class.

Results for Mrs. Upright's piano students: Shauna Hite - 1st Piano solo, 11 and under; 2nd Sonata, 11 and under; 2nd Quick Study Class, Shauna Hite and Teddy Dykstra - 1st Duet, 12 and under; Teddy Dykstra - 1st Piano Solo, 12 and under; 1st - Sonata, 12 and under. Winner Winspear Higgins, Stevenson and Co. Scholarship Ina Dykstra - 1st Bach 3-part Inventions, 16 and under; 1st - Chopin, 17 and under; 2nd Mozart Sonata Open, 2nd 20th Century Open.

Students of the Grade 6 class are also doing their bit with their own fundraising projects.

Ina won the Kiwanis Festival Award and Melton Real Estate Scholarships.

Paul Dykstra, 1st - 19 and under Romantic; 1st - Open Impressionism. Winner - Miller Stationers Scholarship - 2nd - Senior Concerto - Hilby Nickerson and Patricia Stretch - 1st Duet open, winner T. Eaton Co. Scholarship; Shelley White 2nd Mozart Junior Class.

Local winners in instrument classes include: Robert Vorhagen, 1st, Trumpet D; Debbie Verhagen 2nd, Clarinet D and Monica Vorhagen 2nd, Flute E; Robert and Debbie are pupils of George Adams at Alberta College, and Monica's teacher is Andre Bergman of St. Albert. Ina Dykstra, also Mr. Bergman's pupil won first in Flute D section.

Greg Upright won 1st in Trumpet E and Ian Sturges 2nd Trumpet E, Chris Morrison of Edmonton is their teacher.

Karin Borlto, a student of Nancy Koehler of the Ol-

son School of Music, placed first in Violin, 8 and under Brian Kathol, whose teacher is Mrs. Abolsky in Edmonton placed 1st in the Piano Duet class, 14 and under, with an Edmonton student, Linda Hilde, 1st in the Bach two-part Inventions class, 13 and under and 2nd in the Sonata, 13 and under.

Second water reservoir considered by council

At a recent meeting of council with Stanley Associates Engineering Limited when the draft water study report was discussed, a resolution was adopted which included the construction of another water reservoir. This recommendation by the consulting engineering firm was approved because according to 1974 draft water projections, water supply during peak demand periods would not be sufficient without an additional two million gallon reservoir.

A memorandum from Mr. Jan Maandag, town engineer urged council at Monday's committee-of-the-whole meeting to authorize the consulting engineering firm to commence drawing designs and issuing a call for tenders for the reservoir.

Mr. Maandag's memorandum to council points out that if this project is undertaken immediately, the proposed reservoir will be in

operation early in 1974 when the extra water supply will be needed.

Location of the two million gallon reservoir has been proposed for a site immediately south of the new reservoir completed this year. Councillor Rod Thronson had some objections on the matter, he did not oppose the reservoir project itself but objected to its location. Councillor Thronson attempted to push through a motion whereby the proposed reservoir be located at another location but the vote on this motion was 3 - 2 against.

It must be noted here that Councillor John Bakker disqualified himself on

this issue because he has been retained by Stanley Associates for professional services on a project located out of Alberta and therefore asked to be excused from voting.

A recommendation going before council next Monday that the twin reservoir project be started immediately was approved by a 4 - 1 vote. Councillor Thronson opposed the motion on the grounds of the reservoir's location. If ratified, Stanley Associates Engineering Ltd. will be given the authority to proceed with plans and call tenders. The additional two million gallon facility is expected to be in full operation early in 1974.

The Gerald Hall family all get into the act, as they start landscaping at 29 Greenbrier Cresc. with evergreen purchased from the Supper Lions.

Council Chambers To Go Into Clubhouse Quarters

Office space in the Town Hall has become a subject of prime concern. Council has been discussing the issue for a number of months now and at a regular meeting recently, several alternatives were discussed.

In view of the need of space for a new bookkeeping machine, town staff has requested additional office space. And in the light of the addition of a new machine, more space will also be required for more staff with the net results that the town has outgrown its administrative headquarters. This is what is commonly called 'growing pains'.

Some members of council suggested to locate the staff in rented quarters throughout town, such as church basements, the clubhouse and the such. This idea was thrown out because after due

consideration it was felt that the staff, as a unit should not be separated, therefore came the suggestion that council meetings could be held in other quarters.

With this idea in mind, council concluded that meetings could be held in the Clubhouse, without undue inconvenience to anyone and convert the present Council Chambers into office space. Most members of council went along with this proposal on a temporary basis, but how temporary is temporary was not defined. However, it is going to be a situation which will have to be lived with until a firm plan is made toward enlarging the Town Hall premises.

Discussions came to an end when Councillor Frank Lukay made a motion that forthcoming meetings be held in the Clubhouse (no date was set) and that parking facilities be enlarged and paved before meetings are held in the temporary premises. The paving proposal portion of Mr. Lukay's motion brought about objections, therefore it was withdrawn. On the motion dealing with holding meetings in the Clubhouse, the vote came out 5 - 1 with Councillor Myrna Fyfe voting against

the motion.

New council and town hall staff are making arrangements to receive the new equipment, relocate council chambers and effect modifications at both premises soon as possible.

Council Roundup

A memo from Chief Administrator Dan O'Connell circulated at Monday's meeting, pointed out that St. Albert is unable to supply the demand for industrial sites west of town because all serviced property in that area has now been developed. Mr. O'Connell's memorandum also pointed out that there are no municipally-owned properties in that sector therefore he suggested that suitable land for industrial development might be considered by council at this time. After considerable discussion on the matter, Councillor John

Bekker made a recommendation that various areas be studied in view of assembling industrial sites and that staff bring back a report to council. The recommendation was carried 5-1 with deputy-mayor Hudson casting the negative vote. Mayor Ray Gibbon made a further recommendation, to the effect that prospective industrial developers be referred to lots on Riel Drive and to B/C.M. This recommendation squeaked through by a 4-2 vote with Councillors Fyfe and Bekker voting no.

On Thursday, May 31 at 7:30 p.m. council will meet

with the two school boards and discuss several items of common interest. These include a YMCA program in Paul Kane High; No. 3 S.D. outline plan in La-combe Park; No. 6 S.D. acquiring sites in Akindale No. 6 S.D. recreation board and a swimming pool submission.

Under new business, Councillor Myrna Fyfe requested that speedsters using Grenfell Avenue as a racetrack be referred to the RCMP. Councillor John Bekker requested for a report from staff on the Noise Bylaw. Councillor Rod Thordson was informed that applications to study the local recreation facilities etc. had been submitted to two consulting firms and replies were expected soon. On that note, the 15-minute meeting extension had expired and adjournment was unanimously approved.

Youngsters of the St. Albert Creative School Society, numbering 90 in all, thoroughly enjoyed a visit last week at the University Farm. Another outing is scheduled for this Friday, this time the kindergarten and nursery pupils will travel all the way to the Alberta Game Farm. This visit for the 45 morning and 45 afternoon kindergarten and nursery classes will end their current school term. Parents are urged to attend the St. Albert Creative School Society annual meeting and registration of children May 15 in the Clubhouse at 7:30 p.m.

Town considers memo to hike permit prices

Town Building Inspector Jim Roberts submitted a recommendation to revise building, plumbing and gas permit fees. In his memorandum to council, Mr. Roberts pointed out that the present scale of fees have been in effect since 1958 and consequently, have become outdated.

In briefly reviewing the proposed new scale of rates council recommended that Mr. Roberts' proposed increases be accepted, subject to ratification at next Monday's regular meeting of council.

If approved, single family dwelling permits will be increased from \$10.25 per square foot to \$12.50. Mr.

Roberts' second recommendation involves apartments, commercial, industrial and institutional permits. The present rate was set at \$2 per thousand for the first \$100,000 of building value and \$1 per thousand thereafter. The new recommended rate is to be increased to \$2.50 and \$1.25 respectively.

Mr. Roberts' memorandum of rate changes also include garages, carports, remodelling and plumbing permits as well as gas permits and gas fitting prices.

If the entire price schedule as submitted is accepted, council will have to amend bylaws 44/69 and 20/66 and rescind bylaw #22/66 and prepare a new bylaw covering plumbing permits.

What have you got to lose?

Your Eyes. A mountain sunset. A good book.

A game of golf. A child's smile.

That's what you've got to lose.

Your Hearing. A bird at your window. The laughter of children. A good joke. Your baby's first word. That's what you've got to lose.

Your Hands. A game of softball. Buttoning your shirt. Tying your laces. Brushing your teeth. That's what you've got to lose.

Your Legs. A brisk walk on the beach. A game of tennis. Going upstairs. Going downstairs. A bicycle ride. That's what you've got to lose.

Your Life. The rest of your life. That's what you've got to lose.

You have a lot to lose. And safety has a lot to give. Follow safety regulations. Wear protective equipment. Have a safe attitude. Have a safe life.

Tree and plant sale now on at Lions Park

Beginning today members of the Lions Club will be on deck at Lions Park every evening and on Saturdays and Sundays as the peak season arrives for sale of trees and bedding plants. Nick Chodan is responsible for bringing in healthy spruce, pine and fir from Westlock area, and the vegetable and annual bedding plants come from the farm of Ted and Lois Hole just outside St. Albert.

The project has been exceedingly popular with local people and the park provides an ideal site for the sale. Gordon Townsend, working there last Sunday, counted over 100 people enjoying the park before noon, although the mid afternoon and evening are the most popular hours with visitors.

A tremendous amount of work is required to maintain the parksite and annually expand it. Last year 25 tandem loads of fill were put into the ditch on the north side and more is now required after winter settling. Top soil will then be brought in and the area seeded. As usual repairing the alarming amount of damage by vandals will require considerable effort and expense. There is a lot of work to do on the Belcourt property which has been added to the park site, which is swampy

on one end and lower than the park level, and will require vast amounts of fill.

The Lions are also greatly concerned with the need for proper new fencing along the NAR track. When a train goes by there is a mass

exodus of children to the track - and they get very close. The club is approaching the railway company about the broken down fencing and requesting a proper link fence in the interest of children's safety.

1880's railway car restored for film

A former intercolonial railway baggage car will be used by the CBC for the television film now being made of Pierre Burton's book "The National Dream," says Paul McGee, a St. Albert member of the Alberta Pioneer Railway Association.

This car, one of the few pieces of Canadian Railway equipment of the 1880's in existence, has been restored, except for painting, by the members of the APRA.

The car was part of the Canadian National Railways Museum Train which toured Canada in the 1950's. It was removed from the APRA

premises in Edmonton at 116th Avenue and 80th Street on Monday, Canadian Pacific Railways will paint the car in CP colors of the 1880's, use it while filming in Southern Alberta, and later return the car to the APRA in Edmonton.

for railway buffs

Twenty-five years ago this year the first of hundreds of production model diesel electric locomotives was used by the Canadian National Railways for through freight service. This coming holiday weekend of May 19, 20 and 21 the Alberta Pioneer Railway Association will present an exhibit of both this diesel locomotive and an operating steam locomotive.

The steam locomotive, former Northern Alberta Railways No. 73, built in 1927, will power a passenger train operating over the association's short stretch of track at 80 Street and 116 Avenue.

To complete this glimpse of life a quarter century ago a 1946 tank truck will also be on the scene. This exhibit and ride will operate from noon to 6 p.m. Saturday, Sunday, and Monday. Admission is free and ample parking is available.

Eye Bank Donations Still Being Sought

Citizens of St. Albert have responded gallantly to the appeal for eye donation pledges, spearheaded by the Canadian National Institute for the Blind. According to Mr. Cliff Keyes, chairman of the local drive for pledges reports that over 200 pledge cards have been called for, "but I have no way of telling how many of these have been submitted to CNIB," Mr. Keyes said.

Pledge cards are available from silent salesmen displays located at the Sturgeon General Hospital, both medical clinics in St. Albert and the Health Unit office on Perron Street.

If you haven't made your pledge by now, a CNIB spokesman urges you to do so at your earliest convenience because right here in the St. Albert and in the Edmonton region there is a waiting list for corneal transplant. If you would like more information on the subject of donating your eyes to the eye bank and would like to discuss the matter with your family with a bit more authority, you are urged to phone 482-3638 CNIB Edmonton, any clergyman of the St. Albert Ministerial Association or Mr. Cliff Keyes, Sturgeon General Hospital.

Sturgeon River Project clears 45 mile channel

The Sturgeon River clean up project, conducted by the Water Resources Management Division of the Department of the Environment is presently being assessed by a team of hydrologists.

An official from the Water Resources Management Division told The Gazette this week that the twin Sturgeon projects, one operated in co-operation with the County of Lac Ste. Anne and the other with the Municipal District of Sturgeon covered 45 total miles of river channel.

The 45 miles of cleanup, according to the Water Resources official, cost approximately \$86,000 and 70 per cent of this amount went toward wages for the 84 men employed on the total project.

A recent survey of both sites on the Sturgeon River revealed that the project

was termed successful, flooding appears to have been kept at a minimum and river flow seems to have been improved by the removal of debris on the 45 miles worked during this past winter.

A Water Resources spokesman admitted that this past winter was ideal for such a project, by virtue of the fact that the cold spells were short, snow was at a manageable depth and good workmen were hired to do the job.

NOMINATIONS for A.E.C. Corporation Board of Directors

In anticipation of the establishment of the Alberta Educational Communications Corporation the Government of Alberta is inviting nominations for members of the Board of Directors of the Corporation. The Alberta Educational Communications Corporation will provide a framework within which educational broadcasting and the production of educational programs and materials can take place.

The new Corporation will assume responsibility for the operation of radio station CKUA, presently owned and operated by the Alberta Government Telephones Commission. The Corporation will also be able to negotiate for the acquisition of the assets of MEETA and CARET

Nominations may be submitted by any citizen

or group of citizens of Alberta on or before May 25, 1973 to the Alberta Educational Communications Authority, Executive Building, Edmonton, Alberta.

Each nomination should be in writing and include the full name of the person being nominated, place of residence and such additional information as may be deemed necessary to justify the appointment of the nominee to the Alberta Educational Communications Corporation Board of Directors

The nominee must be a Canadian citizen ordinarily resident in Alberta and must not be engaged in a broadcasting undertaking or have any pecuniary interest in a broadcasting undertaking or the production or distribution of program material suitable for use by a broadcasting undertaking or in the manufacture of radio or similar type apparatus

It is expected that members of the Board of Directors will meet eight to ten times each year

Canadian Police Week Observed Year Round

Although May 14 to 19 is across Canada, the local Canadian Police Week RCMP detachment can't

really do anything extra special this week... because they already have a very active police/public program going all-year-round.

It's quite hard to come up with an encore during Canadian Police Week when the local RCMP staff is doing something special every week of the year. They accept public speaking engagements several times a week, they attend local functions, serve on special committees, participate in sports, and for over one year now, the RCMP have been speaking to school children on an average of once a week throughout the district.

Sgt. John Clark, detachment commander, Sgt. L. E. Rheault and staff of 20 men believe that Canadian Police Week, although marked for May 14 to 19, ought to be observed all-year-round. And citizens of St. Albert will surely agree that the St. Albert RCMP detachment is doing just that and more.

Sgt. Rheault left a meaningful memo with The Gazette this week: "Detecting crime is police business... preventing crime is everybody's business... therefore, please report anything suspicious to your local police by phoning 459-7721... and observe Canadian Police Week all-year-round."

A tiny silver-haired lady of 88 years, with a big sense of humour and an infectious passion for early history in western Canada, delighted her audience with her slide presentation "The birth of the West" on Thursday evening at Nickerson school.

The slides were made from the Ernest Brown collection of 80,000 photos and negatives and Gladys Reeves called upon her amazing store of facts, anecdotes and first-hand observation of events from 1904 to make them come to life in her commentary.

The customs, beliefs and day-to-day life of the Cree and Blackfoot Indians formed the opening of the illustrated account. There was the first picture Mr. Brown took of an Indian - the people were shy of his camera - pictures of a Cree smoking the pipe of peace - of tribal dances which formed such an integral part of Indian life.

One slide showed a young Indian on a cross - an interesting observation of how the native people adapted the teaching of early missionaries to their own customs.

Don't forget the Kinette Blood Donor Clinic on May 22, from 5 - 9 p.m. at the Community Hall.

Enthusiastic audience enjoys Reeves lecture

They had endurance trials of many sorts to test a young man before making him a Brave in the hand - so a crucifixion trial was also. There was also a picture of poetess Pauline Johnson. All woven together to give a fascinating glimpse of tribal life at the turn of the century by Miss Reeves, who went back earlier than the slides to speak of how the Indian people came through the Bering Strait to settle in the west, including many tidbits of information such as the meaning of the word Squaw - a bad woman.

Scenes of the first settlers, primitive furniture, early transportation from the waterways, oxen and Red River carts, horses, first trains, the advent of the telegraph were shown. The coming of the Northwest Mounted, the first sitting of the legislature in the old MacKay school, work of the missionaries, a photo of Father Lacombe - they were all there, including the site where Calgary stands - a photo of a lone Indian teepee on a hillside with vast country stretching out for miles in all directions from it.

Miss Reeves spoke also of her boss Ernest Brown,

with whom she worked for several years before going into her own photograph business. She told of his impatience with those who would replace old buildings in Edmonton with 'concrete boxes' and of his work with the provincial government compiling photos and his torical material for arch ives, when he was assigned a tiny room, 'cell 11' with no windows, where his work also included preservation of early sketches by artists, before there was any photography in the west.

And she spoke of her own early life in 1904 and on, with her brother. How they enjoyed the wilderness after England - what fun it was to fish through the ice, to have horses and a cow. And of the coming of the white man and his take over of the Indians' land, the population decline which resulted from disease epidemics and increased tribal warfare - the shameful story of how the Indian way of life was destroyed.

The small crowd in attendance was so impressed with the "Birth of the West" that plans are being made by the Historical Society to have Miss Reeves back to St. Albert, for a repeat of this presentation and to give the sequel to it.

Two of Gerald's sons and 'Mr. Park' - Niels Hovdskov, keep an eye on the transaction. Bedding plants from Hovd's farm will start arriving Friday at the park.

Local boy makes good

Neil Ross eyes his hole-in-one trophy with becoming modesty.

A well known and widely travelled local personality has emerged from the ranks of the duffers and is now able to hold his head high at the golf course.

On the afternoon of April 10th Mr. Neil Ross scored a hole-in-one at the Cliff Valley Golf Course in Tucson, Arizona, playing in a foursome that included his wife Sadie. It was a 143-yard hole and Neil, not being accustomed to such accuracy, spent some time looking on all sides of the green before someone suggested looking in the cup. And would

you believe it . . .

On completion of the round Neil was presented with a miniature trophy marking the event, entered in the official club record book and given the privilege of buying a round.

The Rosses left March 7 on a trip through the southwestern states. They were impressed with Sun City (near Phoenix) where the population of 22,000 are all over 65 and busier than teen-agers. They have seven golf courses, take dancing lessons, Spanish lessons, and are involved with scores of activities of all sorts. They also visited with friends in Thousand Palms and spent some time in Reno and Tahoe, before returning via Portland and Seattle in Vancouver.

They took the McBride highway and managed to work in a visit with the Kambouris at 100 Mile House.

A copy of the 100 Mile House Free Press, dated April 25 carries a photo-

graph on the front page showing Mayor Ross Marks Rene Kambouris and Art Perrey in a sod-turning ceremony for a new 24 unit motel estimated at \$225,000. Rene expects it will be ready for occupancy about mid-July.

Fire Destroys Aircraft, Harrold Hanger & Barn

The skeleton above is all that is left of one of the light aircraft destroyed in a fire at "Harrolds International" last Wednesday. Flames quickly spread through a hangar, a barn and damaged two other light planes extensively. Damage to the aircraft and total destruction of the above plane plus buildings is estimated at between \$12,000 and \$14,000.

Two light aircraft like the one above each lost a wing in last Wednesday's fire at the turf airstrip located on the Jack Harrold farm located three miles north of Speedway Park. Estimates to repair damage to the above aircraft have been set at \$1,200. The fire totally destroyed one plane, damaged two and levelled two buildings valued at about \$7,000.

225-66 LAKESIDE, 6-8 SATURDAYS OPEN FOR BROWSE ON SUNDAY

Early last Wednesday afternoon, fire swept through a light aircraft hangar located on the Jack Harrold farm located about three miles north of Speedway Park and caused damages estimated at between \$12,000 and \$14,000.

The airstrip, affectionately called "Harrold's International" provides good turf landing facilities for about 15 weekend pilots including Aubrey Harrold, son of the owner of the farm, and a couple residents of St. Albert, Jack Johnson of 129 Grosvenor Blvd. and Bill Eschak of 41 Garden Cres. By the time the fire trucks from the MD of Sturgeon, manned by the St. Albert Fire Department and one from Canadian Forces Base Namao arrived on the scene, volunteers had already hauled several planes to safety but one aircraft was already a total loss and two others suffered extensive damage. Meanwhile the Harrold Hangar, valued at about \$4,000, was completely destroyed and so was a barn valued at about \$3,000.

for new optometry office in St. Albert. Experience

very necessary. Good salary to right person. Reply

In own handwriting to Box L263, St. Albert, Alberta.

A quick survey of the fire scene reveals that a few of the other planes were slightly touched by flying sparks and these burn-holes will of course have to be repaired. A Taylor Craft, owned by Cathy Kostychnuk of Edmonton was estimated at \$3,800 and was completely destroyed. The other two damaged aircraft, each minus a wing, will cost about \$1,200 to repair. Mr. Johnson of St. Albert had the fuselage of an aircraft and an assortment of components valued at about \$1,000 and all went up along with the hangar. The other St. Albert weekend pilot, Bill Eschak, who flies his own home-built ultra light got away with only minor burn-holes to the wings and fuselage of his plane.

Scouts

Members of the 1st St. Albert Scout Troop practiced rope lashing on Saturday, May 5 at the Gulde Camp.

The boys lashed logs to the trees and tested their skill by climbing, jumping and swinging on their projects as well as cramming as many scouts as possible onto the horizontal poles. Fortunately, they held.

Other scouts enjoyed canoeing on the Sturgeon River, keeping stroke in their red canoes.

Still others helped clean up the camp site by chopping down stumps left by those who practiced pioneer camping rather than the current wilderness camping methods. Charred wood and garbage was then buried in true scouting fashion.

Comment From Ottawa Opposition Days - NDP Coalition

Opposition Days and non-confidence votes are essential parts of the Parliamentary process - not the invention of a "power-hungry Opposition," as claimed by members of the Liberal-NDP coalition.

In fact, Opposition Days were the creation of the Liberal government when they inflated changes in the rules of the House of Commons, changes opposed by the Progressive Conservatives, NDP and Creditists. These changes removed a number of the traditional rights of the Opposition to control supply and, in return, gave the Opposition the privilege of moving a fixed number of supply motions (on what are popularly called Opposition Days) during each supply period.

Furthermore, two of these motions in each supply period must be non-confidence motions.

Let us look at the statistics. In the last Parliament, both the Conservatives and the NDP moved Opposition Days and non-confidence

motions. The NDP amended the Conservative motions of non-confidence. It should be noted that Opposition Days and non-confidence motions are paralled out by the government; the Opposition parties cannot choose nor decline them.

Seen in this light, then, Mr. Lewis' statements about Conservative "hokery-pokery" cannot really be seriously believed. Furthermore, it is Mr. Lewis and his party who are acting to the detriment, not only of

the Parliamentary system, but also of their own credibility. David Lewis has repeatedly stated, as he did last Monday, that, "It is ours to prod and push and persuade the government to take those steps which it sometimes seems awfully slow to take, and that as far as we are concerned, as long as there are useful things for this Parliament to do, we shall play our part in making this Parliament work."

However, the NDP's

"prodding, pushing and persuading" do not seem to have had any great effect. As of Monday last, Parliament had passed only three Bills. Two of these were to cure government mistakes, and the third was to give the government more money to spend. Not a piece of social legislation or "useful things" for the common good had been passed.

A Conservative proposal to speed-up the OAS Bill's passage through the House was rejected by the NDP.

In spite of this, Mr. Lewis and his party are taking all the credit for increasing old age pensions. When the bill was finally voted on, it received no opposition. The long and unnecessary delay only served to make its implementation by April 1st all the more difficult.

The path chosen by the NDP has resulted in a coalition government. Rather than acting as opposition, they have, in effect, joined the Liberals to keep the latter in power.

Nowhere is this more apparent than in the NDP's stance on the last two Opposition Days, which concerned the selling of the Polymer Corporation to the CDC.

On Friday, during the NDP Opposition Day, Mr. Lewis, referring to the Polymer sale, stated that, "I condemn that sale with all the honour I have. There was no excuse for it and there is no logic in CDC doing that. There is no good economic reason, and I condemn it."

Yet, on Monday, when this matter was voted upon in a Conservative motion of non-confidence, the NDP reversed their stand so emphatically taken on Friday, and voted with the government, thereby sanctioning the sale they had condemned three days earlier. This has proved, if nothing else, that the NDP has indeed abandoned its principles and chosen the route of political expediency at whatever cost to political integrity.

Large class takes Hunter Training

The St. Albert and District Fish and Game Association recently concluded its first Hunter Training - Conservation Course for 1973, with the presentation of certificates and crests and wallet cards to all those who wrote and passed the final examination. The presentation was conducted by Mr. Bill Lewis, chairman of the Hunter Training for the St. Albert Club.

In all, 21 people took part in the training; a few of them members of the "fair sex," and many in their teens. It was the largest class of an independent group other than that conducted by the city schools.

All training manuals and films, used on the course, were provided by the Hunter Training - Conservation division of the Department of Fish and Wildlife. The instructors who gave the

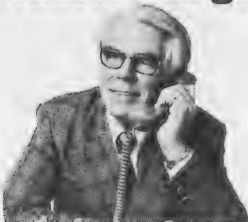

training were all members of the St. Albert District Fish and Game Assoc., and well qualified to conduct the training.

The students are taught many and varied subjects such as: Policy and Legislation, Animal, Fish and Bird Game Identification; Firearm and Water Safety; Survival and First Aid; and Archery. Judging by the final marks on the exam - many in the high 80's and 90's,

the instruction was well absorbed by the students.

It is hoped that another course will be started in the near future, and as soon as all materials are made available, information will be published as to dates and location, in a future issue of the Gazette.

"Talk about a bargain!"

DIAL DIRECT FOR

HALF A BUCK (OR LESS)

TO ANY PLACE IN ALBERTA

Saturday midnight to Monday 6 a.m. (First 3 minutes)

Long Distance is a great way to travel.

Especially on Sunday, when half a buck is the most you need to pay for the first three minutes to dial any other point in Alberta.

At that rate you don't need a special reason to call Long Distance. Someone would like to hear from you. So go ahead - say "Hello!" This and every Sunday.

How to get this special Sunday saving

- If you live in a Direct Distance Dialing area, dial your own call.
- If you live in a non-Direct Distance Dialing area, place your call station to station.
- Special rate does not apply on person to person, collect, third party billing, time and charge, pay phone or credit card calls.

Separate School Opportunity Fund

At last Wednesday's regular meeting of St. Albert's Separate School Board a comprehensive report, tabled by assistant superintendent Mrs. E. M. Martin was discussed and the recommendation contained in the report approved.

Mrs. Martin's report evolved after she had conferred with district administrators who had communicated with their staff and ultimately came to the following conclusion:

"That the basic aim of district educators is to make the greatest possible use of the Department of Education's program called the Educational Opportunities Funds. Through these funds, the report concludes that it would be possible for District 6 to avail itself of these funds to upgrade the standard of education. The areas that should come under

der consideration, according to Mrs. Martin's report include increase of resource personnel and materials via the Elementary Opportunities Fund, the Learning Disability Fund and the Special Class Grants."

The recommendation which followed the study of Mrs. Martin's report urged No. 6 District to take immediate steps to add personnel with special training in reading. The recommendation was approved unanimously.

The board also indicated that it is presently adding to its resource staff and considering the acquisition of diagnostic services for children with learning difficulties, on a fee-for-service basis from two potential facilities: The Bureau of Child Study, Edmonton Public School Board and the Child Development Centre.

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Consumer Affairs And Its Function

By Pat Prymak,
District Home Economist.
The Consumer Affairs branch is concerned about how many people know what the branch is doing.

CREATION - The Consumer Affairs Branch was created in July of 1970 with the proclamation of the Consumer Affairs Act and operates within the Provincial Department of Labour.

The Act empowers the branch to:

1. Maintain liaison with consumer and business groups throughout Alberta,
- 2) Disseminate information for the purpose of advising consumers respecting any Acts which provide protection for consumers.

- 3) Receive and investigate complaints of practices that are in contravention of Acts for the protection of consumers or appear to be detrimental either to business or to a consumer, and
- 4) Co-operate with other governments, agencies of any government and any bodies or organizations in programs designed to promote the interests of consumers in Alberta.

WHAT THEY DO - Maintaining liaison with many consumers and business groups and whenever possible,

disseminating information to consumers by telephone on an individual basis, has proven to be a large part of the branch workload. The branch handles in excess of 100 telephone enquiries per month in addition to a large number of written complaints and is called upon to supply information about such things as price controls, warranties, guarantees, refunds of deposits, false or misleading advertising, money management, landlord and tenant problems, finance charges and rebating procedures as well as various so-called business investments, such as vending machines, franchises or multi-level marketing schemes.

COMPLAINTS - It is interesting to note that a common element in many complaints is a failure on the part of consumers to ensure that their interests are properly protected due to not reading, not understanding, or not agreeing with the written terms of the transaction. The terms and conditions of any business agreement should be properly recorded and documented for the benefit of all parties involved and should meet the above three basic conditions.

Common areas of complaint range from the initial advertising of goods through sales methods used and on to the warranty or guarantee provisions being offered. The branch encounters many complaints that are fully justified, and has been able to successfully mediate a large percentage of problems encountered. The inevitable conclusion to dealing with complaint investigation is an awareness that most problems could have been avoided if common sense had first been exercised by both parties to the

agreement. Responsible attitudes and the use of common sense by both business and consumers can result in continued satisfaction and harmony in the marketplace.

You, the consumer, have an obligation to prevent problems from occurring; shop around, equip yourself with knowledge, do not allow yourself to be a victim of your own gullibility. In the event you do become involved in a consumer problem, you should investigate, possibly what you have encountered is an error or a misconception. Businessmen are human and they can make mistakes; do not generalize, or prejudice; examine all the facts.

WHERE TO WRITE - In the event you encounter a problem situation that you are unable to resolve, write to the Consumer Affairs Branch at Room 502, I.B.M. Building, Edmonton providing the full details along with copies of any documentation or other pertinent information. We will endeavor to assist you or inform you of a suitable means of rectifying your situation.

The branch experience indicates that you will find

most businessmen prepared to assist you in obtaining a fair deal, but do not expect the impossible; remember it is not reasonable to "get something for nothing." The best protection for the unwary consumer is you!

Coming Events

By Wally Klatt

The following agriculture events are for farmer/producers' interest. If you want any more information, contact the above.

FEEDERS' DAY - This year the Department of Animal Science Feeder's Day will be held on June 11. Here the results of livestock experiments completed during the year will be summarized in bulletin form and discussed by the researchers. Time: 10 a.m. Place: Edmonton Research Station, 68 Ave. and 116 St. Edmonton.

RANCH FIELD DAY AT KINSELLA - Monday, June 18 - the program presents an opportunity to witness, first-hand, the practical research carried on to improve efficiency and pro-

ductivity in beef production, such as in selection, crossbreeding and carcass merit determination.

PORK SEMINAR - This is a four day residential seminar to provide participants with an opportunity and marketing, and to consider the implications of these developments on production decision-making and policy development.

The theme of the seminar is "Developing Production for Export Markets" and will feature internationally known authorities in production and marketing aspects.

The seminar will be held at the Olds College, June 20 - 23, 1973.

PLANT SCIENCE FIELD DAY - Wednesday, July 25, 1973, at Parkland University Farm, 72 Avenue and

114 Street, Edmonton

There will be a slide-illustrated presentation in the morning, covering work done in the different divisions of the Department. After a friendly picnic-type lunch, tours will be conducted in the afternoon, to visit the different plots at Parkland Farm (fruit-trees, ornamentals, vegetable crops field crops) and at Ellerslie Farm (weed control).

FEED INDUSTRY CONFERENCE - Purpose to foster cooperation and understanding among the widely diversified segments of agribusiness related to the feed industry, including research, production, marketing, extension, veterinary services and technical suppliers.

The tentative theme for the program is "PROTEIN IN FEED FORMULATIONS" and will include sessions on "Animal Health in Large Production Units," "Nutritional Aspects" and "Economics of the Livestock Feed Grain Industry."

The conference is scheduled for September 27 and 28 in Calgary.

FARM LAW SEMINAR - A five day residential seminar will deal with aspects of law that are of concern to agriculture and rural people. The program will consist of lectures, case studies and group discussion led by members of the Faculty of Law.

Topics to be covered will include: "Real Property Law," "Oil and Gas Law," "Tax Law," "Tort Law," "Wills," "Administration of Estates," "Estate Planning," "Commercial Law."

The seminar is designed especially for: farm and ranch managers and operators; agricultural advisors and extension personnel.

Dates for the seminar are May 28 to June 1 at the Banff Centre, Banff, Alta.

Feeder's Day June 11

Feeder's Day to be held on Monday, June 11, 1973 at 10 a.m., at the Edmonton Research Station - 68 Ave. and 116 St. Edmonton.

Kinsella Ranch Field Day to be held at Kinsella, Alta. on Monday, June 18, commencing at 10 a.m. re beef production, productivity such as in cross breeding and carcass merit determination.

Check with Wally Klatt, D.A., if you require further information.

Tips on Spring cleaning

By Pat Prymak,
District Home Economist.

It's springtime and to many homemakers that means spring cleaning. Spring seems to be that time of the year when we feel most like cleaning and fixing things up.

What are some cleaning products? There are so many different products on the market that are supposed to be good for cleaning, but we could probably spend all our grocery money on cleaning products alone. Since none of us can afford to do that, here are a few

hints that you can try using only a few products. You will need to have:

- *all purpose detergent for dishes and laundry.
- *chlorine bleach
- *household ammonia
- *bar soap
- *shampoo
- *vinegar
- *baking soda

Cleaning walls - There are many cleaning preparations for cleaning walls but some of our common household stand-bys do a good job. Try these. For painted surfaces, this solution will get rid of sooty, greasy soil.

- 1 gallon hot water
- 1 cup household ammonia
- 1 cup baking soda
- 1 cup vinegar

When you wash walls work from the bottom up. Drips are much more easily removed from an already cleaned surface. If you use a soap product, try this: for washing walls, make a paste of one cup of soap granules (not detergent), one cup of water and one half cup of liquid ammonia. Beat with electric beater until fluffy. Paint it on the wall with a large brush in a 4' x 4' area. Rinse with cleaning cloths and plenty of clean

water. If your walls are especially dirty and greasy, get tri-sodium phosphate from your hardware or drug store.

Care of Floors - To wash floors use your all-purpose cleaner and household ammonia instead of a special product.

*Regular vacuuming or sweeping keeps floor free from dust, crumbs, etc. and sometimes will keep it clean longer.

*Use a damp newspaper on which to empty the bag of a vacuum cleaner or carpet sweeper.

*Going over the floors once or twice a week with a damp cloth will also lift surface soil.

*Black heel marks can be removed by rubbing with liquid polishing wax and fine steel wool.

*If you use Floor Wax, instead of using the regular floor waxes which you see on the shelves of supermarkets and which are made to wear off quickly, purchase a gallon of industrial floor wax from a firm that sells industrial caretaker supplies. It really does save in time and money. Just look in the yellow pages of the telephone directory.

*To remove furniture marks from a rug, lay a damp cloth on the indentations in the carpet and go over it with a warm iron. Before the rug is completely dry, brush vigorously to raise the pile.

Window Cleaning - To clean windows, use 1/4 cup ammonia to each gallon of warm water. Add a very small amount of detergent if there is any great amount

of soil, grease, or smoke on the windows. Clean the windows using up and down strokes on the inside and crosswise strokes on the outside. OR try washing windows with a vinegar solution. Wipe off some of the dirt with a damp cloth or paper. Then wash with several tablespoons vinegar to one quart warm water. Wipe or wash with long strokes with left hand followed by right hand holding dry cloth. If necessary wash woodwork and sills first.

Newspaper works dandy for polishing.

How To Control Slugs

By Wallace Klatt,
District Agriculturist.

Slugs, each year, can raise havoc in the garden. Consequently we get many calls as to the control of these slugs.

First of all, slugs can be identified by their snail-like appearance. They are about one to two inches long, are somewhat slimy and have two "horns."

It is good practice to re-

move garden debris, old boards, sacks, boxes, etc. These articles afford a good hiding and egg laying place.

Additionally commercial poisons are available as dusts, sprays, etc., nearly all containing metaldehyde. These are effective when used according to directions. For best results apply the poison on a warm, moist night when the slugs are the most active. Repeat the

treatment five days later. Place the material as close to the plants as possible. Do not dust or spray edible parts.

Also several metaldehyde baits are available, i.e. in the form of pellets. This can be broadcast over the soil surface or place in small piles around the plants. Ensure these areas are covered so birds do not eat this bait.

Additionally copper-lime dust is also poisonous to slugs. This dust can be made by applying one part, by volume, of dehydrated copper sulphate with ten parts of hydrated lime. Use one pound of this mix per one thousand square feet in small gardens. It is not harmful to plants.

Normally if the bait (pellets) do not do the job, then use the above mentioned dusts or sprays.

Follow the directions and labels carefully and treat with caution in all cases.

Publications

The following are available from this office. Indicate the ones you require by a check mark and mail the clipping to the Department of Agriculture, Box 510, Morinville TOG 1PO (Don't forget to give us your name and address!)

Herbicide Shortage Forecast

By W. O. Klatt, D. A.

The possibility exists that there could be a shortage in herbicides this crop season. Farmers are advised to locate and order their herbicides as soon as possible.

Guides & Brownies have camp

By Lucienne Montpetit

Fourteen girl guides, four Golden Hand brownies and Doreen Morin, a visitor from the 50th Pack from Edmonton held their Easter camp on April 26, 27 and 28.

Accompanying the girls were Mrs. Jeanne Mailleur as quartermaster, Happy Owl Mrs. Marie Grogan, Brown Owl Mrs. Joanne Wilisko from Smoky Lake, Marjolaine Chamberland and Brown Owl Mrs. Annette Bruce.

The girls arrived at camp Thursday afternoon where accommodation was supplied by the Legal Recreation Board.

The girls program included hikes, nature studies, compass use and following trails. They made buddy burners, tin can camp stoves and water-proofed matches. They also learned to pack haversacks and carried them on their four mile hike.

Due to unexpected snow they only had one meal out of doors and prepared one fire. For crafts they did tie dying, nature craft and made craft stick bowls.

The Golden Hand brownies worked on their Explorers and outdoor adventure badges.

Evelyn Fraser camp ad-

visor from Gibbons and her daughter joined the group on Friday for supper and campfire. The girls sang songs in french and english and did some skits and games.

The guides and brownies thanked Mrs. Fraser and Mrs. Wilisko for coming out in such wet weather and Marjolaine Chamberland for filling in on staff at the last minute and doing such a good job with crafts.

The girl guides and brownies had a very successful cookie day. They were sorry

that they ran out of cookies as some people had to go w/o.

The girls held their little exchange for several hours on Saturday and appreciated help from local people in their efforts to keep the village clean.

Here is a thought by Baden-Powell - "This world seems divided into talkers and doers. There are too many talkers, the doer is the man we need. The man whose vision is not limited by narrow party considerations."

Calahoo

By Liz McLeod

The Calahoo Women's Institute are indeed grateful for the good response to their recent bingo and bake sale. For the 72 people present including children there was a total profit of \$105.98 all of which was sent towards cancer research.

The full house went to Eddy Douglas and Alice Schermund won the rug donated by Dina Groppe.

Ken and Brenda Coyes and Wayne (Slim) and Pauline Quintal celebrated birthdays with a gathering at the Gazebo May 12th.

certainly gave one an idea

of the different courses that can be offered in crafts. The school and hunter training also had display tables.

The boy scouts had a sale of toys which proved popular with the children.

Several people commented how nice it was to see so many young women running a tea and bazaar and doing it so efficiently - a real compliment to horse hill.

The regular meeting of the Patricia UCV will be held Tuesday, May 22 at 8 p.m. at the home of Mrs. E. B. Brock.

The monthly meeting of Horse Hill Community League will be held Thursday, May 24 at 8 p.m. in the school.

Horse Hill Sports Day will be held Saturday, June 2, 1973. Mark your calendar now.

Happy mother's day to all mothers. What better gift could anyone receive than to have her son and his wife come home bringing their eight-month old son, Cameron Douglas McLeod, for grandma and grandpa to enjoy, and a tasty cake.

Marcel and Theresa Kerkhof are proud of their talented daughter Denise, being she won first in the public speaking in her class, at the Villeneuve 4H Club of which she is a member.

Joss and Stephanie Shenfield's son Timmy was a lucky boy to be chosen for a trip to Toronto, May 5, under the Project Canada student exchange program.

Calahoo Sports

By Liz McLeod

Spring has sprung and with it enthusiasm for sports. Calahoo is humming with activity these days. The Calahoo Braves mens team had their first game Monday.

The married ladies combined with senior girls have been practising and have won in Morinville. Coach is John Gagnon.

The girls team coached by Myles Kerr has been practising and have had three league games and won them all.

The little boys of the mites hockey team, are practising and so are the teen-agers. Calahoo Sports Association is commended for getting all these teams going and developing good sportsmanship.

The last show held in the Gazebo was enjoyed by all who attended.

Canton - Borle Wedding

Mary Borle, daughter of Mr. and Mrs. Andre Borle became the bride of James Canton, son of Mrs. Art Canton and the late Mr. Art Canton of Vermilion at an evening nuptial mass at St. Peter's church, Villeneuve, Mass. celebrants were Father Tom Kroetch, uncle of the bride and Father Carl Raab of Mr. Canton's parish. Organist was Sr. Catherine Kroetch, bride's aunt of Spruce Grove. Soloists were Lorne Kroetch, June Barle and Sr. Catherine.

A white, hooded lace cape accessorized the bride's long white dress and the blue ribbons in the cascade bouquet of white roses were reflected in the lining of the hood and in the dresses of the bride's attendants, her sisters, Cheryl and Simone. The groom's attendants were his brothers John of Whitehorse and Morris of Vermilion. Ushers were Mr. Larry Lafleur of Onoway and Mr. Niel

MR. & MRS. J. CANTON

Ganton of Vermilion.

The bride's maternal grandmother Mrs. Kroetch of Edmonton, and the groom's maternal grandfather Mrs. O'Neill of Vermilion and the bride's grandfather Mr. Prudent Borle were special head table guests.

Mrs. Borle and Mrs. Gan-

ton wore white and yellow roses en corsage with their gowns of rose and green respectively.

A reception was held at the Villeneuve Community Hall for about 200 guests. After a ski-trip to Jasper the happy couple will be at home in Edmonton.

Rural Recreation

Mr. John Witschen of Riviere Qui Barre has become the co-ordinator of the summer travelling playground program.

A student of the U of A, John is completing his education degree. John will be visiting communities to look over facilities and to arrange for suitable dates for the playground to visit. Headquarters will be at the recreation office and John welcomes any suggestions that you have to make the summer program successful. Miss Bernadette Allmills, assisted by Miss Sherry Kryskow will be in charge of the program on the west side of Highway 2 and Miss Margaret Elliot, assisted by Miss Carol Wojtkiw will service the east side.

On May 23 a basic sewing with knits course will begin in the community centre at Sturgeon Valley. Mrs. Lollie Brennels of Riviere Qui Barre will be the instructor.

Girls in the modern jazz class at Bon Accord are busy with rehearsals for a recital to be held in June. The class was jointly sponsored by the Bon Accord Recreation Board and was presented as an introduction to jazz. The instructor is Mrs. Marlon Nicholson of Bon Accord who studied dancing extensively as a child and turned professional at the age of 17. Marlon is originally from

Glasgow, Scotland and has lived in Canada for six years.

A yoga clinic will be held in Edson on May 26 and 27 for potential yoga instructors. Mrs. Friedel Khattah of Edmonton will be the instructor.

Mr. Ken Seymour of Horse Hill will be conducting a barbecuing demonstration at the community centre at Lamoureux on Tuesday, May 22 at 7:30 p.m. Ken will demonstrate barbecuing techniques and besides the traditional barbecued steaks will show how to prepare and cook such things as

lamb, pork and shish-kabobs. Ken is an instructor in the Food Services Department of NAIT and is also a graduate of that department. Currently Ken is preparing for a barbecue that will serve 1,000 people. For affairs such as this, large roasts of beef are marinated for two or three days and pit barbecued. A registration fee of \$1 will be charged.

Mrs. Jean Smith, arts and crafts co-ordinator, recreation department, M.D. of Sturgeon, telephones 424-9276 and 256-3321.

Clothing club

By Terri Forslth

The Gibbons 4H Clothing Club held their Achievement Day on April 14. The girls had their sewing on display and also modelled their work and presented skits. Included in the program was the presentation of the following awards:

Judy Demers, Miss Congeniality; Debbie Reader, efficiency award; Junior display, Annette Lamoureux Senior display, Debbie Demers; Junior seamstress, Janet Demers; Senior seamstress, Darlene Rasko; Junior project book, Annette Lamoureux; Senior project book, Darlene Rasko.

Public Speaking - Junior, Janet Demers and Terri Forslth; Senior, Debbie Reader and Debbie Demers, Debbie Demers was the

club week delegate, and Pam Onushko won the trip to Camp He Ho Ha. After the program lunch was served. The club would like to thank all those who turned out.

Report From Bon Accord

By Sadie Allen

Lucky players, Mrs. Margaret Hewitt, Dale Malan-chen and Louie Napio split the bingo jackpot of \$45 on Sunday night. On May 20 we start all over again with a \$20 jackpot and 45 numbers. Starting time - 7 o'clock. Senior baseball boys play at their first game and chalked up their first win of the season with a 11 - 5 victory over Legal. Their first home game will be against Redwater on Wednesday, May 23, at 7 p.m.

Congratulations to Judy Abramski, who placed in four out of five classes entered at the part-Arabian Horse Show held in Calgary on April 29. Judy placed first in English Pleasure, Maiden class, 2nd in Novice English Pleasure, 5th in Hunt Seat Equitation and 6th in English Pleasure stakes.

The main paper salvage depot, located four miles west and 1/4 mile north of Bon Accord at the farm of Melvin Kushak will continue to accept deliveries of paper. The salvage company will accept newspapers only if they are bundled and separated from other types of paper salvage as they have an export market for them. Pocket books, magazines, paper bags etc. are also accepted but please keep them separate.

The Local Association for Brownies and Guides are collecting stamps for resale. Please leave at least a 1/4 of an inch of envelope around the stamp. Collection depot is at Mrs. Roy Malan-chen's, 298-3618.

Get well wishes to Mrs.

Huss Lampkin in the Cam-sell Hospital.

The May meeting of the Anglican Church Women will be held at the home of Mrs. John Bland on Tuesday afternoon, May 22. Any ladies interested are cordially invited to attend. Rides may be arranged by phoning -- 298-3541.

The 4H Clothing Club held their achievement day on Saturday, May 12. Senior "top sewer" award went to Wendy Lewis, Junior "top sewer" award to Janet Mulligan; best display went to Lori Pawluk, highest total points to Paye Strawson, Junior book award to Cynthia Bojehko, senior book award to Marsha Rigney. Clubweek delegate is Lori Pawluk, delegate to Camp Ho Ho Ha is Cynthia Bojehko. Mrs. Joanne Long has taken over as club leader, replacing Mrs. Dorothy Rigney who has so successfully lead the club for several years. Joanne will be assisted by Rita Milligan and Elaine Whitson. Judges were Mrs. Brown from Vimy, who judged the senior work and Joyce Rigney who judged

the juniors.

Brownies, guides, their mothers and guests enjoyed the mother-daughter banquet held in the Bon Accord Community Centre on Wednesday, May 9. Seated at the head table were the Rev. Mr. and Mrs. Miller, area secretary, Mrs. Pauline Vaupolis, district commissioner from Gibbons, Mrs. Edna Noel, district commissioner from Bon Accord, Mrs. Pearl Madden, guide lieutenant, Mrs. Roseanne Low-les, Fairy Godmother, Mrs. Geo. Bland, Judy Lampkin guest speaker for the night, M.C. Janine Lampkin, Wendy Lewis and Lori Madden. Judy Lampkin gave a very interesting account of her trip to the girl guide chalet in Switzerland last summer. All the girls were presented with service stars and badges earned during the year. Special congratulations to Betty Kushak who earned nine badges. Girls flying up to guides were Janet Bland, Lorna Carleton, Tracie Brennan, Karen Bizluk, Debbie McBride, Leah Irwin, Michele Donaghe, Christina Koenig, Karen Bjerke and Valerie Millwood.

LEGAL LOCALS

By Lucienne Montpetit

Mrs. Victor Douzich who was responsible for the blitz night for the Winnifred Stewart School wishes to thank most sincerely Mrs. Arthur Morin (Captain), the canvassers and everyone in the district for their generous donations which totalled to the sum of \$500.00.

A hearty welcome to Mr. and Mrs. Roger Gagne and family who have moved in

their new home last week-end, also to Mr. and Mrs. Patrick Keane and family who have moved in Mrs. Dominique Montpetit's house. Mrs. Montpetit has now retired at the Chateau Sturgeon.

Mr. and Mrs. Eugene Theroux returned recently from a holiday in Montreal.

Phillippe St. Jean and Vivian Wagner were feted at a social evening last Saturday at the Community H.C.I. Some 175 friends and relatives gathered and offered their best wishes to the couple. They will exchange marriage vows in June.

The mother, father and daughter banquet will be held on May 30. Money for the tickets should be returned to the gulder for May 23.

PLANT TREES PREVENT FIRES

Lesburg - Kooi Wedding

By Flo McGinnis

Nora Kooi, daughter of Mr. and Mrs. Sikko Kooi, and Rick Lesburg, son of Mrs. Hans Vest (Lesburg) were joined in wedlock in a double ring ceremony conducted by the Rev. Father Primeau on May 5. The spring wedding was held in St. Jean Baptiste church at Morinville, the home of both families.

Escorted down the aisle by her parents, the bride was charming in her full length white gown which featured a train and softly padded sleeves. Rows of soft lace enhanced the gown and her chapel veil which was held in place by a nosegay of fabric and lace florets. The bridal bouquet was of yellow roses.

Attendants to the bride were Louise Belismond, Mrs. Doreen Lesburg, and Bernice Chalfoux who chose floor length gowns in blue and white floral, featuring long sleeves and a flounce. Matching wide brimmed hats of net and lace complemented their gowns and each carried a white bouquet accented with blue forget-me-nots.

Attending the groom were Donald Brennels, Ken Lesburg and Crag Vest, all of Morinville. Guests were ushered by Clayton Vest and Bill Kooi, and Joanne Prefontaine was the soloist during the ceremony.

To receive her guests,

Mr. and Mrs. Rick Lesburg cut their three-tier wedding cake. Photo by Jeet Knullar.

Mrs. Kooi chose a floor length gown in pink lace over-organza with long sleeves and enhanced by yellow corsage. Mrs. Vest greeted the guests in a tangerine chiffon gown with floral print skirt and plain bodice complemented by a yellow corsage.

A banquet for some 200 guests was held at the Morinville Recreation Centre with Mr. Fernand Gibeau as master of ceremonies. Later in the evening dance and midnight lunch were also

held at the centre. For her honeymoon trip to Jasper and Banff the bride donned a red dress with white floral hat and accessories.

Out of town guests attending the wedding were from Rycroft, Calgary, Ponoka, St. Paul, Ashmont, and Ohio. Mr. Joseph Gibeau travelled all the way from Ohio for his nephew's wedding, and to visit with relatives.

Mr. and Mrs. Lesburg will reside in Morinville upon their return.

John Cockran marks 99th birthday

Mr. Cockran was born in Bristol, England in 1874, the second child in a family of 15.

He came to Canada when he was 15 years old, and he and his oldest brother worked in coal mines in Quebec. He is a veteran of the First World War and had some 15 years of continuous membership in the Royal Canadian Legion, Edmonton Montgomery Branch.

Correspondence is still maintained with his sister Mrs. Selma Bull from Winnipeg, Manitoba and a niece Miss Doris Alcock, Bristol England. He has some 30 nephews and nieces in England.

Mr. Cockran is still alert, walks around and goes downstairs to the dining room at mealtime. At 99 he still enjoys smoking three cigars daily. He was admitted at the Lodge in Legal in 1971.

He says he is very well taken care of and is happy to be there. Mrs. Mary O'Meara had a special birthday cake made for this memorable occasion.

Congratulations Mr. Cockran, and we wish you many more years of good health.

Mr. John Cockran with his 99th birthday cake at O'Meara Lodge in Legal.

By Lucienne Montpetit
We are happy to extend congratulations to Mr. John Cockran the "Grandpa" of the O'Meara Lodge who celebrated his 99th birthday on May 5.

Legal

THE SCHOOL ACT, 1970

(Section 7)

BYLAW NO. 3

PUBLIC NOTICE

By: The Board of Trustees of the Legal School District No. 1738 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Legal School District No. 1738, of the Province of Alberta, that the sum of not more than One Hundred and Eighty Thousand dollars (\$180,000) should be borrowed on the security of the said District by issue of debentures repayable to the bearer in 20 consecutive annual instalments with interest at the rate of not more than 9 per cent (9%) per annum for the following purposes, namely: Constructing an addition and renovations to Legal School consisting of: 4 classrooms; one science experience room; library; general office; staff room; physical education office; vice-principal's office; counselling room; student washrooms; storage room; mechanical room; janitor's room; necessary corridors and boot room; converting existing staff room to an infirmary.

THHEREFORE, notice is hereby given by the Board of the said School District that unless a poll of the electors of the said School District for and against the said debenture loan is demanded, as provided by Section 104 of The School Act, 1970, the said Board will apply to the Local Authorities Board for authority to borrow not more than the said sum by issue of debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

Dated at Legal, Alberta this 7th day of May, 1973.

H. St. Onge, Chairman.

REMOVAL OF ONE-ROOM SCHOOL

Legal

The Board of Trustees of the Legal School District No. 1738 request submission of proposals for the removal of the Bruyere School Building from the Legal School grounds. This one-room building is on a cement basement. Condition of removal is that the concrete basement walls are broken below ground level and basement filled and levelled.

Submit offers in writing to: Mrs. Yvonne Regim-bald, Secretary-Treasurer, Legal School District No. 1738, Legal, Alberta. Phone 598-2413.

MORINVILLE MEMOS

By Flo McGinnis

May 31st will see the mother and daughter banquet being held at the Morinville Recreation Centre beginning at 6:30 p.m., so please keep this date open to join your young girl (or a friend) in a very important evening!

Registrations for the 1973 Red Cross swimming course sponsored by the Mother's Local were accepted Monday, May 14 at the Legion Hill. The classes begin on Monday, July 2 and each course runs for 12 days (Monday through Saturday). Any information regarding the classes may be obtained by calling Gloria Ellis at 256-3437.

With most people busy out in the garden these days, the numbers attending the Wednesday afternoon card parties at the senior citizens hut has dwindled somewhat. However, they will continue for several more weeks and visitors are always welcome to join in. At the moment the senior citizens are in the midst of preparing to paint the interior of their building and are looking forward to the results expected. The group reports that Mrs. Emphram Beaupre has been a patient in the Sturgeon General Hospital and they have missed her at the meetings. Get well wishes go out from all.

Congratulations are extended to Ed St. Laurent, formerly of Morinville, and to his new wife Mary (Lemisko) St. Laurent of Taber. The couple were married in Taber on May 5 and a large number of people from Morinville drove down for the ceremony, reception and dance, returning on May 6. Those attending from Ed's home town were Mr. and Mrs. George St. Laurent, Pauline St. Laurent, Mr. and Mrs. George Skinkowy, Mr. and Mrs. Emilie Borie, Pat Borie, Mr. and Mrs. Leonard Perras, Mr. and Mrs. Frank Valmer, Mr.

and Mrs. Ed Kryskow, Norman Houle, Claudette Turgeon, Mr. and Mrs. Rene Chevalier, Paul Krauskopf, Guy and Marcel Chailfoux, Ken Saunders, Karen Durling, Warren Staffes, Mr. and Mrs. Wilfred Provencal, Peter and Richard Provencal were guests from Vimy.

Anne and Ed Kryskow flew down to Chicago to see their son Dave play for the Black Hawks in the final playoff game on the 10th. They were duly proud to see him score his second playoff goal and to receive all the compliments regarding his fine performance in the series.

On May 9 the Sports Association held a general meeting at which time they elected an additional five members to the Board of Directors, making a total of 15 directors. Those elected were: Mary Hittinger, Ed Kryskow, Octave Himschoot Sr., Maurice Schayes and Leon Rlopiet. There was considerable discussion regarding an artificial ice plant and a four sheet curling rink. Two separate drawings were perused and discussed thoroughly with numerous questions asked. Mr. George Noome from Edmonton who was in attendance representing one of the engineering firms. Costs of such a venture took up a great part of the meeting as various members reported on results from a number of enquiries on existing similar set-ups. A steering committee of five, with Maurice Schayes as chairman, was elected to investigate ways and means of setting up a promotional program for fund raising. The feasibility of the total project is still under investigation by the 15 directors.

If you get approximately 90 youngsters on their bicycles going in circles in the school grounds, please do not be alarmed. It is

only the Morinville Junior Pedal Pushers Club learning safety, courtesy, and laws relating to cyclists in Alberta. The classes are being held every Wednesday and Thursday evening at 6:30 under the sponsorship of the Alberta Safety Council and the Morinville Recreation Board.

Ron St. Laurent, a patient in the Sturgeon General Hospital, is reported doing well, but very much missed by the boys at home.

Brand new sidewalks are now being laid in various parts of town, both in the new Forest Glenn subdivision on the south side. In the new subdivision the underground wiring, new light standards and new sidewalks ready to make the project come to life as the housing project gets into full swing. For shame on those who said Morinville was behind the times!

Mr. Brian Rogerson, account trainee at the Morinville Branch of the Royal Bank has been transferred to Stettler, effective May 9. Good luck Brian, hope you will call back to visit Morinville from time to time.

The Ladies canoe races planned for the RCMP Centennial Edition of Frontier Daze 1973 will take place at Heritage Lake at 11 a.m. on Sunday, June 24. The committee reports that applications are very slow at coming in and urge that anyone interested, please register NOW! To ensure a good competition, plans and preparations must be made well ahead of time, and that means - a full month. Any ladies 18 years and over are eligible; there must be two ladies per canoe; life jackets must be worn, and the registration fee is only \$2 per canoe. Registration forms and complete details may be obtained by calling Mrs. Jo Anderson at 256-3280.

Mrs. Jean Douzlech of Legal, the original organizer of the Lions' Blitz in aid of the Winnifred Stewart School for retarded children wishes to thank all the Morinville Lions who did canvassing. Also a special thanks to the captain, Doug

Frontier Daze plans Arts- crafts exhibit

By Flo McGinnis

The committee for the RCMP Centennial Edition of Frontier Daze 1973 is planning another big arts and crafts exhibit this year. Organization, as presently planned will be patterned on that of last year (the first year there was such an exhibit), with emphasis on regional rather than local participation. Anyone viewing the '72 show will certainly agree that it was an impressive display of local talent, with items such as wood carvings, weaving, crocheted work, and a large range of canvases both oil and acrylic.

The ceramics display pictured above brought many a wide-eyed compliment, as did the art work, especially the oils. For the first attempt at an arts and crafts display, the committee did a good job and this year they hope to have a wider range, with more variety in all areas.

Any success that was achieved last year was only possible through the support and co-operation of Morinville and area residents,

The arts and crafts exhibition at Frontier Daze will display a very wide range of work by district artists and craft enthusiasts. Above is a section of ceramics by Morinville people.

whose patronage and participation is again solicited this year in order to make a creditable exhibition.

Constructive criticism is, as always, welcomed by the committee, and anyone, anywhere who may have an article or articles that would add to the exhibit is encouraged to contact one of the Frontier Daze Association

executive or committee members.

1973 arts and crafts committee members are Ron Lambert, Jeanine and Norm Chailfoux, Rhonda Stapleton and Rose Brochu. Dates for the exhibition are June 23 and 24 and the registration forms with full details are available from any of these persons now.

Fire Destroys Mobile Home

By Flo McGinnis

At 4 a.m. on Friday, May 11th a sudden fire destroyed the mobile home of Mr. and Mrs. Remi Lambert at stall #16 in the Morinville Trailer Park. The Lamberts lost all their belongings in the fire and needless to say, it will be terribly hard on the family to try and start from scratch at a moment's notice. Mrs. Joyce Granger immediately began making arrangements for donations of clothing etc., even though she had never met the people involved. Several service organizations were contacted and assistance was not long in coming through.

At this time it is felt that likely sufficient clothing for the family of four will be received, but additional donations can always be used. There are four children in the family, tak-

ing sizes 6 (boys), 4 (girls) and size 2 for twins (girls).

The Lamberts have found a suite for rent and are right now in the process of trying to arrange their lives around the new residence. The most necessary items needed appear to be dishes, cooking utensils, furniture, bedding, and lamps. Almost any item normally found in a home is still needed for this family, and the person

to contact is Mrs. Jo Anderson at 256-3280. The drop-off point is the Anderson home right next to Plains Western Gas and Electric by whom Mr. Lambert is employed.

All donations will be gratefully received, and the Lambert family extends their thanks to those who have come forward with assistance since the fire.

Denis Proulx heads M.Y.R.

Denis Pelletier has resigned after one full term as president of the Morinville Youth Recreation Committee and Denis Proulx, the vice-president has now taken the position. Miss Yvette Tourangeau will be the acting vice-president. Others on the present executive are: Joanne Bachand, advertising convener; Mary Lou Cheradarchuk, secretary-treasurer; Norman Rlopiet and Norman Borie, concessions.

There have been some new members join recently, including: Doug Bryan, Jerry Leduc and Jerry Carlgan.

One of the more recent activities was the raffie which was drawn on April 20th. Mayor Art Stapleton

drew the lucky ticket, and Mike Marak was the proud winner of the Texas prize. The proceeds from the raffie go toward future social activities.

The MYR has been involved in a number of activities in the past year and would like to thank everyone who has supported them. Any teen-ager, resident in Morinville is welcome to join the MYR (14 and over) and dances are usually held every three - four weeks if at all possible.

Every Tuesday at 7 p.m. sees the MYR meeting being held at the Morinville Recreation Centre.

Gibbons Notes

By S.A.M.
Funeral services were held May 11, 1973 for a pioneer of the Gibbons area Mrs. Rose Mary Michaud, wife of Adelard and mother of Louis (Willie), Philip, Mrs. Rene (Alice) Montminy and Mrs. W. (Cecile) Elzinga.

Rene Mary Belair was born January 4, 1894 in Minnesota, U.S.A., and came to the Lamoureux district with her parents when she was one year old. She married Adelard Michaud in 1914. Mrs. Michaud passed away May 8 after a lengthy illness. She is also survived by a sister Phoebe Bibaud at the Hillwood Nursing Home in Edmonton and 10 grandchildren and one great grandchild.

Mr. Tim Yeo is now back from his trip to New Zealand.

A welcome to the district is extended to Charles and Jenny Westra and three children David, Cheryl, and Martin. The Westras have purchased the W. Chilpchar

farm.

A very big thank you to all who helped with the hockey supper, April 28, especially Linda Serink for the extra help.

Sincere sympathy to Mr. and Mrs. Henry Omushko and family on the death of Henry's father, Mr. John Omushko.

Mr. Fred Michaud of Victoria, B.C. attended the funeral service here of his sister-in-law Rose Mary Michaud, Mrs. Rene Montminy of Tilbury, Ontario came for her mother's funeral and will stay and visit for a short time.

Mr. and Mrs. Wilf Desrosiers formerly of Gibbons celebrated their 25th wedding anniversary May 12. They now reside at Fort Saskatchewan.

Plant sale and tea will be May 26 at the Sunday School, 2-4 p.m.

Villeneuve Report

By Margaret Borle
A rousing good time was had by a capacity crowd at the Villeneuve Community Hall, May 4. Oldtime music supplied the setting for the western style festival and many a couple recaptured the almost forgotten delights of the french minuet, heel toe, and birdie in the cage.

At mid-point in the program athletic association board member Peter McAnally introduced the new residents of the community who were special guests of the association for the evening.

Guests of honor were Mr. and Mrs. Paul Berube, Gerald, Jocelyne and Rollande who have taken up residence in Legal. Mr. Robert LeMay, association president presented the Berube family with a table lamp on behalf of the Villeneuve community. He expressed the regret of the community at the loss of the Berube family who have resided in the area for over 40 years.

Mr. and Mrs. Robert Huot of Vimy, Mr. and Mrs. Jean Paul Belland of Edmonton, Mr. and Mrs. Cleve Wilson

and Mr. and Mrs. Levi Berube of Spruce Grove, married children of the Berube's were in attendance. Mr. and Mrs. Berube thanked everyone for their help and kindness while they were residents. They expressed their pleasure for the gift which will have a special place in their new home.

The new community hall at Villeneuve is a very busy centre with activities both evenings and afternoons. Sunday, May 6 it was the setting for an afternoon shower for Cheryl Ann Borle bride-elect on May 17. Cheryl, the daughter of Mr. and Mrs. Andre Borle is marrying Mr. Greg Pumple of Sarnia, Ontario.

A very interesting program of games was supplied by Elaine Soetaert, Diane Sheehan and Mary Ganton.

Cheryl Ann thanked the ladies for their many beautiful and varied gifts. She also expressed her appreciation to Mrs. Wosnach of Jayelle flowers for the lovely green orchid corsage. A lovely lunch brought a memorable afternoon to a close.

The Camilla Wrestling Club had over 120 wrestlers active this year under coach Dexter Dersch, the kind of participation which is one of wrestling's strongest merits. Obviously they all could win, but each member had the opportunity to participate. Eighteen wrestlers qualified for the provincial finals March 24 and Camilla placed second in the team standing, thanks to a strong showing by the following wrestlers in their weight classes: Richard Carigan - 1st; Mike Sheehan - 4th;

Laurier Cramer - 2nd; Paul McGillivie - 3rd; Troy Davies - 4th; Wayne Van Brabant - 5th; Wayne Meadlin - 1st; Laurier Nobert - 4th; Ron Cust - 6th; Dennis Bolsonnault - 1st; Don Kluthe - 1st; Brent Hittiger - 3rd; Robbie Roddez - 3rd; Lorne Labonte - 2nd; Norman Van Brabant - 3rd; Wade Meadlin - 4th; Dwayne Granger - 4th; Don Krauskopf - 2nd. While Camilla had to give up the provincial trophy, the wrestlers felt it only fair that they share the trophy once every five years!

WI marks 60 years - MacEwan guest speaker

By Liz McLeod

A most enjoyable day was spent May 2 in Stony Plain Hall celebrating Stony Plain's 60th year in Women's Institute work at the annual District 11's conference of the Stony Plain Lac Ste. Anne constituency.

Mrs. K. Mary Dalheim, constituency convener, did a marvellous job and the full agenda was handled on schedule, 104 ladies, including guest speaker Dr. Grant MacEwan enjoyed the get together, renewed friendships and listened to many fine speakers.

Provincial President Mrs. Marion Alexander from Cayley, 1st vice pres. Mrs. Ethel Morrisroe from Red Deer, 2nd vice pres. Mrs. Nellie Whitson and Provincial Treasurer, Mrs. Kay McMillan from Edmonton were in attendance.

Mrs. C. R. Wood, a charter member of 60 years, opened the meeting with some well chosen words. She spoke on the history of her institute and read minutes of the first organizational meeting Dec. 8, 1913, when 15 ladies were present, and also the first meeting after, on Jan. 8, 1914.

Mrs. Wood looked lovely in her mother's wedding dress of 1890. The black boa and bag were her grandmother's while her black hat and high button shoes were her own.

Mrs. Betty Hughes, who is a volunteer worker for mental health and president of the North Central Region spoke on mental health and how members of any community can help. Mental health is becoming an enormous problem in fact it's an epidemic she said. There are more patients institutionalized and hospitalized than all other sickness put together.

There is a campaign going now, "light up for mental health," where all citizens can help raise money for the various programs.

Candles Madeline Kashuta passed out to each delegate to take back to her branch, were made at Alberta Hospital, and are selling for \$1 a piece. They are hoping to sell 40,000 candles this year so anyone interested may help.

The Spruce Grove WI entertained after lunch by singing "The Maple Leaf Forever" and "Prairie Rose" and later three grandmothers, Mrs. Elizabeth Kluak on violin, Mrs. Esther Johnson and Mrs. Esther Lunan on tamberlaine gave out with a medley of Don Messer favorites and to the crowd's delight Mrs. Wood and Mrs. Hughes danced the waltz and then Mrs. Wood was favored by a kiss from his Honor Dr. MacEwan.

Our distinguished guests Dr. J. Grant MacEwan and his lovely wife were introduced and Dr. MacEwan addressed the group speaking on the value of the Institutes in every community. He stated "they can't be measured, they just have to be great." He enlarged on Stony Plain's 60th anniversary and marvelled at Mrs. Wood's continuous enthusiasm throughout this time. He praised the Women's Institutes for capturing the history of the districts and told us this was the year for anniversaries since its the RCMP's centennial, the Alberta Wheat Pool's 50th, Stony Plain's 60th and the 60th anniversary of the Founding of Girl Guiding. In the cake cutting ceremony his Honor helped Mrs. Wood cut the first piece flanked by President Mrs.

V Kritzinger and Provincial President Mrs. Marion Alexander after which Mrs. Johnson sang "Danny Boy" followed by all singing "Auld Lang Syne" and closing with "The Queen". Lunch and visiting climaxed the enlightening and enjoyable conference.

SCHOOL PROPERTY FOR SALE BY TENDER

GIBBONS, ALBERTA - TWO LOTS

The Sturgeon School Division No. 24 offers for Sale by Tender Lot 5 in Block 5 (50' x 125'); Lot 6 and a building thereon (approximately 400 square feet) in Block 5 (50' x 125'), both with prepaid frontage taxes, located in the Village of Gibbons. MORINVILLE

Sturgeon M.D. Roundup

All members of the Municipal District of Sturgeon council were present for the regular May 10 and 11 meeting. The minutes of the previous meeting were approved as received, so were the minutes of the Court of Revision, held April 17 - 18 approved as read.

Secretary-treasurer Alphonse Nobert was instructed by council to make arrangements for a meeting with the Town of St. Albert soon as possible. The purpose of the meeting is to discuss terms of an agreement between the two councils, prior to the signing of easements on a reserve lot. If this agreement is executed, it will allow access to this service to residents living in the close proximity of the proposed water and sewer line running from St. Albert, through MD lands to the North Saskatchewan River.

Council agreed to inform North West Brick and Tile Co. that the road on 170th street south of 137th avenue is to be regravelled this year.

The MD council passed bylaw 179/73 authorizing the purchase of an Ateco scarifier, compactor and crusher at a total net cost of \$7,863. These new units will be used

for repaving and building municipal oiled roads.

Another bylaw was approved, 180/73 authorizing the purchase of three trucks at a total net cost of \$10,704. Two of the trucks are 1973 half-tons and the other vehicle is a 1973 3/4-ton.

Council reviewed tenders received for the sale of the three 1971 half-ton trucks now replaced by three new units. It was agreed unanimously that the tender offering \$5,000 for the three 1971 vehicles be accepted.

Council reviewed tenders for hauling gravel and after due consideration, awarded the contract for 30,000 tons to Egg Linton Coal Co. at a price of 10¢ per yard for loading and 9¢ per yard/mile for hauling. The gravel will be taken from the Consolidated pit located near Villeneuve.

The bridge and road alignment project southeast of Ben Accord was submitted to council by the public works committee and thoroughly studied. Council agreed to the plan of the proposed route, which clearly indicates that the road must be re-aligned in such a way, whereby it will be safe while not encroaching on expensive land in the vicinity. This plan as submitted was drawn by land surveyor Reg Watson.

The secretary-treasurer informed council that this year's road grants, under the articles of agreement, have been reduced by \$20,000 in relation to the 1972 grant. Mr. Nobert informed council that the MD this year will receive only \$24,950 in which the MD will add 25 per cent as its share.

Council will advise Mr. H. Rigney that the road construction adjacent to his property will be completed this year and that the borrow pits will also be refilled. This road work had been started in the late fall of 1971 and never completed.

The municipal council agreed to the request from

the Town of Morinville to have the ditch on the west side of the old Highway 2, south of Morinville, dug deeper for about 1/4 mile. This improvement will allow for proper drainage of the southwestern section of town. This project is subject to approval from the railway company if it allows such ditching on railway property.

No reports were submitted to council from the executive of the development committee or the agricultural service board.

Carl Royan, recreation director attended the meeting and asked for permission for an extension to the LIP program. Mr. Royan informed council that more time was required in which to utilize allocated funds. Council agreed to apply for an extension.

Council agreed that the recreation director and the foreman of the public works department inspect park reserves at Pine Sands at Sandy Beach. Purpose of the inspection tour is to assess the need and cost of brushing and clearing of this park reserve.

Councillor Bill Flynn was appointed to represent the municipality on the committee in charge of the proposed transportation corridor study. This corridor is being planned to run from Fort McMurray through lands of the municipality to Edmonton. This corridor is being considered as a way for pipelines, power lines, gas lines, highways and railways.

The secretary-treasurer notified council that the sanitary landfill site appeal has been adjudged until May 25, 1973. This appeal will be heard by the Supreme Court of Alberta and consider the Local Authorities Board decision which is being challenged by the owners of Golden West Golf and Country Club and adjacent property owners.

Council was also informed by letter from Hon. Dave Russell, minister of municipal affairs, of the changes in the tax reduction plan for 1973. The main items included the foundation program reduction from 30 mills to 28 mills and the increase tax reduction for senior citizens from \$150 to a new and welcome amount of \$200 per year.

The meeting adjourned Friday noon, after a session lasting 1 1/2 days.

Father Joseph McGrane holds the Papal blessing presented at the mass in St. Emerence Church in Riviere Qui Barre, on the occasion of his 40th anniversary in the priesthood, April 28.

Father McGrane feted on 40th Anniversary

Rev. Joseph McGrane was the guest of honor at a reception at Riviere Qui Barre on Thursday, April 26. The occasion was the 40th anniversary of his ordination to the priesthood and the evening was arranged by the three parishes under his guidance - St. Anthony at Busby, St. Charles at Mearns, and St. Emerence at Riviere Qui Barre.

The evening started with the celebration of mass at Riviere Qui Barre. The homily was given by Msgr. J. A. McLellan of Edmonton. During the mass Mr. Charles Stitsen of Busby presented Father McGrane with the Papal blessing, on behalf of the three parishes.

Following the service some 250 guests gathered in the recreation centre, where they enjoyed a delicious hot meal.

At the head table with Fr. McGrane were Archbishop A. Jordan of Edmonton, Archbishop Routhier, formerly of McLennan, now retired, Msgr. J. A. McLellan, Msgr. E. Rooney of Westlock, Rev. D. Stein, Rev. C. Gauthier, Rev. John Rose, Rev. L. Scriven, and members of Father McGrane's family - Mr. and Mrs. T. McGrane and Mr. and Mrs. Lm. Cummins of Saskatoon, Miss Alice McGrane from Vancouver, and a grand nephew Mr. Glen Bitt.

James Falls as m.c. gave a short resume of the varied career of Father McGrane, and he read congratulatory messages from Governor General and Mrs. K. Mich-

ener, Prime Minister E. Trudeau, Hon. Robert Stanfield, MP Stan Schellenberger, Gov. Gen. Grant MacEwan, Premier Peter Lougheed, opposition leader James Henderson.

Among the guests were Commander J. A. Dawson, RCN RI, Mr. and Mrs. R. C. Jonas of Lac La Biche. Mr. Jonas was of the early members of the cadet corps when Father organized the group at Lac La Biche.

Dinner was followed by several presentations - a purse presented by Allan McDowell on behalf of the three parishes, and a gift from his ex-parishioners of Lac La Biche was extended by Mr. Brady of that parish.

The head table was centered by a beautiful cake made and decorated by Mrs. August Kluthe.

Father McGrane thanked the communities for a wonderful evening and extended his congratulations on the fine example of complete co-operation between the members of the three parishes.

Father McGrane joined the coastguard service of the Royal Navy in England at the age of 16, later coming to Saskatoon with his family. His father was a printer and Joseph learned the trade, so he was able to get work with the newspaper, graduating to a reporter's desk before beginning his career as a priest. He was ordained in Edmonton at the age of 31 and went to serve at Lac La Biche, where he organized a branch of the Royal Can-

adian Sea Cadet corps.

With apparently inexhaustible energy, Father McGrane also worked with Boy Scouts in many parishes, was an energetic builder of churches, and is well known throughout the country and overseas by fellow ham radio operators, always a favorite hobby which he shared with interested young people. He carried on printing activities during much of his 40 years service as well. And he has enjoyed motorcycles and sports cars for getting around, plus being a member of the International Brotherhood of Magicians.

His 40 years of service in the priesthood were filled with activity which brought him in touch with many kinds of people and kept him always involved and busy. But 'first and above all I am a parish priest' says Father Joseph McGrane, who has earned the affection and respect of all who knew him.

NAMAO NEWS

By Norma Crozier
Namao Church was filled to capacity on Sunday to commemorate the 90th anniversary of the church. The sermon "How Should We Grow Old," was dedicated to our senior citizens and members of the district and silver haired members of the Namao Plus-Sixty Club formed the choir. Many former residents of the district attended and afterwards enjoyed visiting old friends and meeting new ones over lunch served in the community hall.

A Samis family re-union was held at the home of Mr. and Mrs. Bud Horricks on Saturday, May 12 in honor of the 76th birthday of Mrs. Bertha Speers. Six of her brothers and sisters and families attended, Mrs. Eva Hooper arrived from Winnipeg for the occasion, Mrs. Esther Miller was unable to come from Vancouver so phoned her birthday wishes and her brother Ralph is still convalescing in the Glenrose Hospital, so was unable to be there.

Get well wishes go to Mr. Jack Nelson who is a patient in Royal Alexandra Hospital recovering from pneumonia.

NAMAO PIONEER PASSES
On May 10 Mr. Berta

Bruce Shultz of RR #2 St. Albert passed away at the age of 92 years. Uncle Bert as he was known to Namao came here with his father in 1902; in 1903 he married and came back to live on the quarter they had purchased, his home ever since. Quiet, kindly, always ready to lend a helping hand he was typical of that kind of solid citizen and pioneer who came from across the border, made Alberta his home and in no small measure made it what it is today. He is survived by his sons, Dale of Namao, Kenneth of Cashmere, Washington, Lyman of Edmonton, one brother and one sister, Sanford of Nebraska and Mrs. Ollie Flora of Nebraska, eight grandchildren and 16 great grandchildren. He was predeceased by his wife, Minnie in August of 1957. Funeral services were held on Monday, May 14 at Howard and McRide's Chapel. Rev. Dr. E. G. Miller officiated and interment was in the Namao Cemetery. Memorials were to the Namao United Church or to the Canadian Cancer Society.

Mr. and Mrs. Orbin Simile of Trail, B.C., have been visiting Mr. and Mrs. Harold Clark Jr. and relatives and friends in the Namao district.

Pupils competition cleans school yard

During Littercheck week at three Hill school, a clean up campaign with a difference was carried out. A very thorough cleanup resulted from the enthusiastic efforts of all elementary students on the morning of Thursday, May 3.

To promote the event as well as increase awareness of the pollution problem, the campaign was organized as a competition between classes - the class accumulating the most garbage, winning a pollution probe kit.

The grade 4 and grade 5 classes were judged to have tied, with grade 5 running a close second. Consequently the kit, consisting of appa-

atus for testing pureness of air and water, was awarded to grades 4, 5 and 6 with the understanding that due to the commendable effort made by grade 1, 2 and 3 students, the kit will also be available to them when they wish to use it.

To promote individual effort in the cleanup, six small tokens were concealed under refuse in various spots around the yard. When these were found, the token and the piece of garbage covering it were turned in for a 25¢ cash award.

The campaign resulted in a whole lot of healthy competitiveness and a much cleaner school yard.

L'Abbe-Bedard Wedding

By Jeanne Laplante
Our Lady of Victories Church, Vimy, was the scene of a beautiful candlelight wedding April 27 when Miss Suzanne Bedard, daughter of Mr. and Mrs. Roland Bedard of Jossaud, became the bride of Emile L'Abbe, son of Mr. and Mrs. Donat L'Abbe from Vimy.

Rev. L. Viel officiated at the triple ring ceremony. Walking down the aisle accompanied by the groom, the radiant bride was lovely in a gown of silk organza and nylon gown featuring an empire waistline, stand up collar and long sleeves. The gown was enhanced by a bodice and sleeves of gathered nylon. Her cathedral veil bordered with white daisies fell to a self-forming train. A deep cap of daisies and pearls added to the decor and she carried a cascade of red roses with rosebud streamers. Her only jewelry were pearl earrings, a gift of the groom. Maid of honor was Mrs. Odette Huculak, the bride's sister and bridesmaid was Miss Terry Fuellell, friend of the bride. They were charming wearing floor length gowns of apricot peach

de sole featuring scoop necklines and white velvet trimming the empire waistlines. Mauve roses adorned their hairdos and they carried nosegays of mauve and pink open cloud roses. Petite Colette Garon, the bride's niece was flower girl.

The groom was attended by his brother-in-law, Alfred Huculak and Yvon Roux, deau. Organist was Mrs. G. Provencal and solos were rendered by Mrs. Irene Huot and Mrs. G. Provencal. Altar boys were Richard and Marcel Provencal. Ushering the guests were Mr. Begin and Norm L'Abbe.

Following the church services a reception and dance was held in the Vimy Community Centre, with some 285 guests in attendance. The bridal table was centered by a three-tiered wedding cake flanked by lighted white tapers. Master of ceremonies was Paul Begin and the toast to the bride was proposed by Ed Koehler. To receive her guests the bride's mother chose a blue fortrel gown with lace trimming and she wore white roses en corsage. The groom's mother wore

MR. & MRS. E. L'ABBE

a gown of floral nylon with silver accessories and a corsage of dark pink roses.

The happy newlyweds will reside in Slave Lake, upon their return from a wedding trip to B.C. and the U.S.A.

Out of town guests were Mr. and Mrs. Edouard Gougeon from Sacramen-

to, California; Mr. and Mrs. Alfred Huculak from Vernon, B.C., Mr. and Mrs. Robert Doltzel, Fort St. John. Also present were guests from Jossaud, Slave Lake, Smith, Athabasca, Peaceville, Legal, St. Albert, Edmonton, Beaumont and Red Deer.

Adult Novice - coffee table arrangement for long, low table.

Namao CGIT banquet points up fine year

By Norma Crozier

The Namao CGIT group held their mother and daughter banquet on May 1 in the community hall, the dinner was cooked and served by the UCV ladies. Mrs. Joan Torgenson and Miss Shirley Pratt attended from the CGIT group in Edmonton. Mrs. Torgenson gave a most interesting talk on being a CGIT member and also on the fun and fellowship of CGIT camp in the summer. This was enjoyed by all especially the CGIT girls Lori Jeffery, Jenni-

fer Strong, Valerie Mullen, Heidi McDonnell, Kim Herricks, Belinda Fewchuk, Elsie Franchuk and the graduating Explorers, Cory Stanton, Donna Jeffery, Myrna Vaulchuk, Donna McLay and Denise Powell. The group spent an interesting year under the leadership of Mrs. Laura Peter. They held a bazaar at the turkey supper, they gathered and dried weeds and grasses for floral arrangements which were sold at the bazaar. The girls were responsible for babysitting for the Blood Donor Clinic and they put on

a Christmas program for residents of Sherbrooke Lodge. Another project was buying and decorating the Christmas tree for the Church. In the New Year the girls held a toboggan party. Belinda Fewchuk and Jennifer Strong attended an overnight rally at St. Andrews' United Church and Mrs. Potter, Lori Jeffery and Valerie Mullen attended a supper and worship service at Norwood Church. For their part in mission study the girls worked for the spring tea and bazaar. They donated \$10 to CGIT camp and \$7.50 to Bissell Day Camp which enables five underprivileged children to attend camp for one day. Many thanks to Mrs. Doris Clapp, the pianist for special services to Mrs. Ada Cowan, Miss Argue, Mrs. Charlotte Fewchuk and Mrs. Mary Bradbury and Mrs. Diane Gibson for their help with crafts and to Mrs. B. Kindeaman for floral arrangements.

Sorry to report the Pentecost Broncos lost the last game of their seven games series against Portage la Prairie for the Centennial Cup.

Stop our biggest weed problem.

With oats cost western Canada \$114 million last year in damage to yields in dockage and in cleaning costs. Use Carbyne... now and clean up your own grain in the field. It works. Come in and find out about Carbyne.

Carbyne... the wild oat fighter.
